

DRAFT PROGRAMME

Monday 24 October 2016

11:30 Registration and lunch

12:30 Welcome

J.V.M.G. Bovee

12:40 Preparation of biopsy and resected specimens (macroscopy, decalcification methods)

J.V.M.G. Bovee

13:10 Radiologic approach of skeletal tumours

C.S.P. van Rijswijk

13:40 Differential diagnosis of bone-forming tumours (osteoid osteoma, osteoblastoma, osteosarcoma subtypes, fibrous dysplasia)

J. Bras

14:35 Tea break

14:55 Hereditary osteogenic tumours and bone tumour-resembling disorders

A.M. Cleton-Jansen

15:15 Introduction to the radiology of bone-forming tumours

C.S.P. van Rijswijk

15:30 Establishing a diagnosis: the surgical point of view (biopsy)

M.A.J. van de Sande

RADIOLOGY AND MICROSCOPY, SESSION I

15:50 Bone-forming tumours; case study

J. Bras

C.S.P. van Rijswijk

16:40 Evaluation of the radiology and microscopy session with the pathologist and the radiologist

J. Bras

C.S.P. van Rijswijk

18:15 Course dinner in Leiden City Centre

Tuesday 25 October 2016

09:00 Coffee

09:15 Differential diagnosis of cartilage-forming tumours, part 1 (benign: osteochondroma, chondroma, chondromyxoid fibroma, cartilaginous tumour syndromes)

J.V.M.G. Bovee

10:00 Introduction to the radiology of cartilage tumours

H.J. van der Woude

10:20 Coffee break

10:40 Differential diagnosis of cartilage-forming tumours, part 2 (malignant: chondrosarcoma)

J.V.M.G. Bovee

RADIOLOGY AND MICROSCOPY, SESSION II

11:20 Cartilage-forming tumours; case study

J.V.M.G. Bovee

H.J. van der Woude

12:00 Evaluation of the microscopy session with the pathologist and the radiologist

J.V.M.G. Bovee

H.J. van der Woude

13:00 Lunch

13:45 Differential diagnosis of giant cell containing tumours (giant cell tumour, hyperparathyroidism, central giant cell granuloma, ABC, chondroblastoma)

P.C.W. Hogendoorn

14:30 Introduction to the radiology of giant cell containing tumours

H.J. van der Woude

14:55 Treatment of bone tumours; the surgical point of view (curettage, resection)

P.D.S. Dijkstra

15:25 Tea break

RADIOLOGY AND MICROSCOPY, SESSION III

15:45 Giant cell containing tumours; case study

P.C.W. Hogendoorn

H.J. van der Woude

16:30 Evaluation of the microscopy session with the pathologist and the radiologist

P.C.W. Hogendoorn

H.J. van der Woude

17:15 Drinks

Wednesday 26 October 2016

09:00 Coffee

09:15 Differential diagnosis of small blue round-cell tumours (Ewing sarcoma, lymphoma, metastasis) Radiology of inflammation and inflammation-like conditions
P.C.W. Hogendoorn

09:45 Differential diagnosis of inflammation and inflammation-like conditions (chronic and acute osteomyelitis, Brodie abces, eosinophilic granuloma, posttraumatic condition)
A.H.G. Cleven

10:10 Radiology of inflammation and inflammation-like conditions
J.L. Bloem

10:30 Molecular diagnostics of bone tumours
J.V.M.G. Bovee

11:00 Coffee break

RADIOLOGY AND MICROSCOPY, SESSION IV

11:15 Various tumours and tumour-like disorders: learn from the practice
J.V.M.G. Bovee
J.L. Bloem

12:00 Evaluation of the microscopy session with the pathologist and the radiologist
J.V.M.G. Bovee
J.L. Bloem

13:00 Closure

13:00 Optional: visit to the nearby anatomical museum + lunch
