

Monday 10th April 2017

08.30 Registration

09.00 Welcome and opening

Carel Goslings

Inger Schipper

MODERATORS: Carel Goslings and Inger Schipper

Opening lecture

09.10 No motion, micro- or macro-motion: what heals the fracture?

Frankie Leung

SESSION I The extensor mechanism of the knee

09.30 Quadriceps tendon ruptures; acute and delayed presentation.

Maarten vd Elst

09.45 Osteochondral injuries of the patella

Gino Kerkhofs

10.00 Comminuted patella fractures; reconstruction, (partial) resection or prosthesis?

Alexander vd Veen

10.15 Patellar dislocation; acute traumatic presentation or recurrent instability

Dirk Jan Hofstee

10.30 Judet quadricepsplasty for stiff knee; technique and outcome

Peter Kloen

10.45 Discussion

10.55 Coffee and Tea

MODERATORS: Rutger Zuurmond and Alexander vd Veen

SESSION II Challenges in the Lower extremity

11.25 Non-union of atypical femoral fractures

Brian Bernstein

11.45 Distal femoral fractures in the elderly

Michael Schutz

12.05 Nailing of complex proximal tibia fractures

Martijn Poeze

12.20 Occult sports injuries of the foot and ankle

Gino Kerkhoffs

12.35 Discussion

12.45 Lunch

MODERATORS: Kees Jan Ponsen and Dirk Jan Hofstee

SESSION III Back to basics: Surgical approaches

13.35 Fixation of coronoid process fractures

Frankie Leung

13.50 Scaphoid fracture fixation: volar, dorsal, open or closed?

Niels Schep

14.05 Pararectus approach for acetabular fractures

Carel Goslings

14.20 Henry versus Thompson: which is most safe and simple?

Michiel Verhofstad

14.35 How to find your way to the scapula?

Rutger Zuurmond

14.50 Discussion

15.00 *Coffee and Tea*

MODERATORS: Loek Leenen and Niels Schep

15.30 Key Note Lecture:

Seagulls over the waves; a surfer's great white shark nightmare.

Brian Bernstein

SESSION IV Looking abroad: Challenges in general trauma and fracture care

16.00 Australia

Michael Schutz

16.15 South Africa

Brian Bernstein

16.30 China

Frankie Leung

16.45 Sub-Saharan Africa

Inger Schipper

17.00 Discussion

17.15 *Drinks and Snacks*

17.40 Group Discussions

Infected nonunion

(Frankie Leung, Peter Kloen, Dirk Jan Hofstee)

Fragility fractures

(Michael Schutz, Michiel Verhofstad, Martijn Poeze)

Pelvic fractures: where did I go wrong?

(Loek Leenen, Kees Jan Ponsen, Carel Goslings)

Malunion of the wrist and forearm

(Brian Bernstein, Niels Schep, Rutger Zuurmond)

19.00 *Reception*

20.00 *Dinner*

=====

Tuesday 11th April 2017

07.30 *Breakfast*

MODERATORS: Michiel Verhofstad and Peter Kloen

SESSION V Upper extremity fractures

08.30 Mysteries and problems around the scapular body

Rutger Zuurmond

08.45 Proximal humeral shaft fractures: wait and see or early surgery?

Kees Jan Ponsen

09.00 Plating of the proximal ulna: tips and tricks

Peter Kloen

09.15 Extra-articular fractures of the distal radius: the VIPER trial	Niels Schep
09.30 Bridge plating for complex distal radius fractures	Alexander van der Veen
09.45 Distal antebrachii fractures in the elderly: osteosynthesis of the ulna or just ignore?	Loek Leenen
10.00 Discussion	

10.15 Coffee and Tea

MODERATORS: Gino Kerkhoffs and Martijn Poeze

SESSION VI Tendon ruptures

10.45 Biceps tendon: goodbye Popeye?	Michiel Verhofstad
11.00 Extensor pollicis longus tendon following distal radius fracture	Maarten vd Elst
11.15 Pectoralis tendon rupture: forget your push-ups?	Kees Jan Ponsen
11.30 Tendon ruptures in children: incidence and treatment	Arnold Besselaar
11.45 Tibialis tendon ruptures; easily missed and difficult to treat?	Dirk Jan Hofstee
12.00 Discussion	

12.15 Lunch

MODERATORS: Inger Schipper and Carel Goslings

SESSION VII When all else fails..

13.05 Infected fractures and plates: help from the future	Geoff Richards
13.25 New concepts in periprosthetic fracture treatment	Michael Schutz
13.45 State of the art in biomaterial use for bone-regeneration in major bone defects.	Frankie Leung
14.05 The quest for proper realignment of malunited long bones; when and how?	Brian Bernstein
14.25 Unconventional fixation in the SI region	Loek Leenen
14.40 Fellowships and other things AO can do for you	Geoff Richards
14.55 Final discussion	
15.00 Closure , Certificates and Farewell
