

**1<sup>st</sup> Course on Neuromodulation – ICON, 29 – 30 June 2017, Maastricht, The Netherlands**

**Thursday 29th 2017**

- |              |  |
|--------------|--|
| 10.00-11.00: | Registration   |
| 11.00-11.30: | Robert M. Levy, Florida<br>History and general principles in Neuromodulation           |
| 11.30-12.00: | Yasin Temel, Maastricht, the Netherlands<br>Brain stimulation                          |
| 12.00-12.30: | Herman Kingma, Maastricht, the Netherlands<br>Vestibular stimulation                   |
| 12.30-14.00: | Lunch  |
| 14.00-14.30: | Liong Liem, Maastricht, the Netherlands<br>Central cord stimulation                    |
| 14.30-15.00: | Tom Dudding, South Hampton, UK<br>Bowel stimulation                                    |
| 15.00-15.30: | Emmanuel Chartier-Kastler, Paris, France<br>Urological applications of neuromodulation |
| 15.30-16.00: | Break  |
| 16.00-16.30: | Phillipe van Kerrebroecke, Maastricht, the Netherlands<br>TBC                          |
| 16.30-17.00: | Kaare Meier, Norway<br>Clinical trials in neuromodulation                              |
| 17.00-17.30: | Polina Anikeeva, Massachusetts, USA<br>Nanoparticles in neuromodulation                |
| 18.30:       | Social event   |

**Friday 30th 2017**

09.00-09.45: Investigators meets Industry

09.45-10.15: Bengt Linderoth  
Translational research

10.15-10.30: Break

10.30-12.00: Research and network

	Techniques	Stimulation paradigms
Moderator	Sarah Hesham	Sandra Schipper
Parallel session Workshop 10.30-12.00	3 clinical question regarding research will be addressed during this workshop	3 clinical question regarding research will be addressed during this workshop

12.00-13.00: Lunch Break

13.00-13.30: Wrap up and general discussion regarding workshops

13.30-14.00: Jean-Pierre Lin, London, UK  
Age and ethics in neuromodulation

14.00-14.30: Robert M. Levy, Florida  
Future of Neuromodulation
