*ACR 2017
Program Chair*

Dear Colleague,

As Program Chair for **ACR 2017 — The Crossroads of Radiology®**, the 3rd Annual Meeting of the American College of Radiology (ACR), it is my pleasure to invite you to join us at this can't-miss event. My colleagues and I are proud to present a timely and highly impactful program that will empower you for patient-centered, value-based radiology.

The change we have long anticipated is here, making it imperative that we find innovative ways to offset the game-changing effects of new payment policies and the technological advancement of our profession.

To help you along this journey, The Crossroads program will provide a broad forum to discuss and explore critical topics in economics, health policy, and advocacy, as well as hands-on educational programming to adapt your clinical skills, leadership, and business practices to evolving health care models.

Customize an agenda with sessions across nine Knowledge Pathways, and connect with world-class faculty at the forefront of health care economics and clinical innovation.

Highlights include:

- MSK Boot Camp with Mark D. Murphey, MD, FACR
- Keynote by Jeffrey R. Immelt, Chairman and CEO, GE
- Moreton Lecture by Jeffrey C. Bauer, PhD
- Speed Mentoring — 10-minute roundtable sessions
- Lung Cancer Screening Roundtable
- Medical student programming
- Capitol Hill Day
- Reception and Breakfast with Exhibit Hall industry partners

Plus, experience the ACR governance process and the development of practice parameters, technical standards and College policy during the annual council meeting.

With a new year and a new federal administration come exciting opportunities to be proactive in preparing for the future. Don't miss this unique chance to recharge, reset and reinvent in collaboration with radiology's most influential and prominent innovators.

I look forward to learning with you at The Crossroads.

Sincerely,

ACR 2017 Program Committee

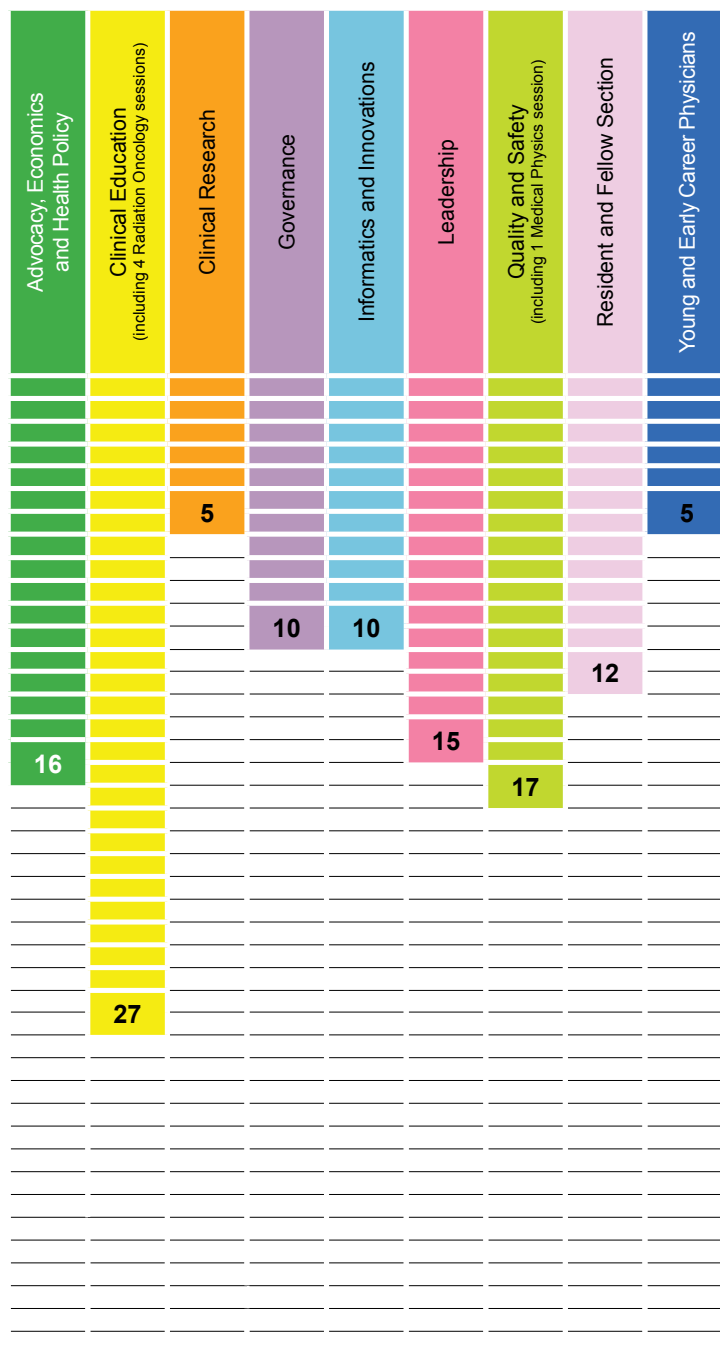

Shawn D. Teague, MD, FACR

ACR 2017 Knowledge Pathways

- **Advocacy, Economics and Health Policy**
 Stay up-to-date on the latest economic and policy changes impacting radiology, and learn how to effectively advocate for patients, your practice and the profession.
- **Clinical Education**
 Improve your clinical skills in areas across the radiology spectrum. *(Interventional radiology, nuclear medicine and radiation oncology topics included.)*
- **Clinical Research**
 Get an in-depth look at ACR efforts to support scientific and socioeconomic research for the advancement of clinical trials, medical imaging and radiation oncology.
- **Governance**
 Participate in the annual business meeting of the College by taking part in open mic discussions, caucus meetings, and dialogue on policy resolutions and ACR Practice Parameters and Technical Standards.
- **Informatics and Innovations**
 Learn how to successfully integrate new informatics and technology solutions that will help you achieve positive patient outcomes.
- **Leadership**
 Grow your leadership and management proficiency under the guidance of preeminent Radiology Leadership Institute® (RLI) faculty and top radiology leaders.
- **Quality and Safety**
 Gain critical tools for introducing meaningful quality improvement in your practice, and access ACR-specific resources to guide and optimize your quality efforts. *(Medical physics topics included.)*
- **Resident and Fellow Section (RFS)**
 Calling all residents — gain practical tools for career development, network with prominent radiology leaders, and participate in committee elections and meaningful debate with fellow RFS members.
- **Young and Early Career Physician Section (YPS)**
 YPS members — grow your professional network and enhance your knowledge of strategic and financial planning, leadership, advocacy, practice management, and Imaging 3.0.

Learn along with the Resident and Fellow Section (RFS)

Numbering more than 5,000, ACR members-in-training represent some of the brightest and most active residents and fellows from across the nation. RFS members work to develop programs and resources that benefit trainees and the specialty as a whole. At The Crossroads, residents and fellows gain practical tools for career development from dedicated programming and ePoster abstracts. Participants also join in meaningful debate with fellow RFS members and network with prominent radiology leaders during the two-day RFS Annual Meeting Saturday and Sunday.

Network with the Young and Early Career Physician Section (YPS)

YPS members focus on issues relevant to those younger than age 40 or within the first eight years of professional practice. A vital College demographic over 5,500 strong, YPS members are instrumental participants in state radiology societies and grassroots advocacy. Early career physicians at ACR 2017 grow their professional network and build skills in practice management, leadership, advocacy and economics through dedicated programming on Sunday and other targeted sessions available throughout the five-day program.

Sunday, May 21, 2017 | Resident and Fellow Section Preliminary Program

Chapter Events at ACR 2017

Saturday, May 20

Executive Director Forum

10 a.m. – Noon (*chapter staff only*)

Chapter executive directors and staff exchange ideas about chapter education, advocacy, communication and all aspects of association management.

Chapter Leaders Workshop

Noon – 4:30 p.m.

(*lunch provided & registration required*)

Current and prospective chapter leaders are welcome at this engaging and interactive session that puts you in touch with leadership consultants, current and past chapter officers, as well as ACR leadership and staff.

Tuesday, May 23

Chapter Officer Orientation

Noon – 12:45 p.m.

All chapter officers and leaders are encouraged to attend this informative orientation. This program will give chapter leaders a thorough understanding of their roles and responsibilities as elected officers. We will discuss the ACR's mission and how to advance the ACR's objectives at the chapter level, as well as the benefits of chapter leadership and the unique tools, templates and resources available exclusively to these elected positions.

Learn about membership recruitment and engagement, governance best practices, marketing and communication, and more.

Watch the ACR Council in Action

On Sunday, Monday and Tuesday, take a front-row seat at the ACR 2017 Council meeting as the business of the College unfolds.

Meet candidates vying for leadership positions, and witness as policies and resolutions are discussed. Hear state-of-the-College reports from ACR leadership, and join the conversation during open mic sessions where critical insights are shared on areas affecting radiology, patients and health care.

Council members will debate and approve policies, bylaws changes, and ACR Practice Parameters and Technical Standards. Its more than 350 members represent all ACR chapters, branches of the military, government agencies, qualified subspecialty societies, and the member sections for residents, fellows, and young and early career members.

Continuing Education at ACR 2017

The Crossroads of Radiology

ACR 2017 sessions will provide you with the knowledge and competencies you need to succeed in today's health care environment. Any questions related to continuing education may be directed to ACR Education staff at info@acr.org or 1-800-227-5463, ext. 4040.

LEARNING OBJECTIVES

- Implement key leadership and practice management skills to enhance the value-based care of radiology
- Discuss health policy trends, including delivery, payment models and MACRA impacting the radiology health care field
- Evaluate critical regulatory information on procedures and guidelines to enhance the practice of radiology
- Examine and evaluate future directions in radiology from a quality & safety, clinical research, and educational perspective to optimize patient-centered outcomes
- Describe the latest innovative technologies including machine learning and clinical advances to improve performance and quality
- Recognize and utilize appropriate tools to navigate early career challenges and opportunities

TARGET AUDIENCE

The Crossroads of Radiology is designed for all ACR members and nonmembers who are diagnostic radiologists, interventional radiologists, nuclear medicine physicians, radiation oncologists, medical physicists, residents, fellows and technologists. In addition, the program is also beneficial for radiology business management professionals and other health care experts involved in radiological services.

By attending this event you are giving ACR permission to use your image taken in photographs or videos during the event. ACR may use the images in a variety of its marketing materials and publications. ACR will not sell images to a third party.

DON'T MISS A SESSION — ADD THE VIRTUAL MEETING TO YOUR REGISTRATION

Can't attend every session? No problem. Enjoy convenient 24/7 online and mobile access to The Crossroads with our ACR 2017 Virtual Meeting (access available for 12 months). Bundle the virtual meeting with your registration for best savings!
