SECTION OF HEMATOLOGY

MEETING

CML Academy 2017

Bologna

29th May 2017

SCIENTIFIC DIRECTOR

Gianantonio Rosti

PRESENTATION

CML Academy 2017 is designed to encourage discussion among European Countries on CML therapies management, thanks to a program consisting of outstanding lectures by renowned European speakers on general topics of great interest and parallel workshops on key topics. During the meeting, each Country-group (particularly, Hungary, Poland, Portugal, Romania, Spain, The Netherlands remotely connected) and the Italian attendees in the main venue (Bologna) will follow the lectures and will discuss a specific topic in parallel workshops. Afterwards, a plenary discussion between Hematologists in Bologna and in other European countries, will follow to allow direct comparison among the various European settings.

Each Country will discuss “offline” a specific topic, coordinated by a local Chairman.

The outcome of the working groups will be discussed in plenary session with all participant Countries connected.
