

## **Program Masterclass Biologics-towards personalized medicine**

Date: Friday 27 October 2017

Location: Sanquin, Plesmanlaan 125, 1066 CX Amsterdam, the Netherlands

- 09:00 – 09:30 Welcome and coffee
- 09:30 – 09:45 **Introduction Sanquin**  
Annick de Vries PhD, Head Biologics Lab, Sanquin Diagnostics Services
- 09:45 – 10:30 **Immunogenicity and TNF blockers**  
Theo Rispens PhD, Principal Investigator at the Department of Immunopathology, Sanquin Research
- 10:30 – 11:00 **Biosimilars analyzed**  
Annick de Vries
- 11:00 – 11:25 Coffee/Tea
- 11:30 – 12:15 **Visit to the Sanquin Laboratories**  
Annick de Vries PhD,
- 12:15 – 13:00 Lunch break
- 13:00 – 14:00 **How to use serum measurements PK/ADA in the clinic**  
Gertjan Wolbink MD PhD, Rheumatologist at the Jan van Breemen Research Institute/Reade and Senior scientist and at the Department of Immunopathology, Sanquin Research
- 14:00 – 14:20 **Are all biologics similar from a PK and ADA perspective?**  
Theo Rispens, PhD
- 14.20 – 14.50 Tea break
- 14.50 – 15.10 **The latest developments in PK and ADA measurements: how can these support you?**  
Annick de Vries, PhD
- 15.10 – 15.40 **Personalized medicine for biologics in Inflammatory Bowel Disease (IBD)**  
Anne Strik MD, Research fellow at the Department of Gastroenterology, Academic Medical Center (AMC)
- 15.40 – 16.40 **Therapeutic Drug Monitoring of biologics in oncology**  
Prof Alwin Huitema PhD, Clinical Pharmacologist at the Netherlands Cancer Institute/Utrecht University.
- 16:40 – 16:50 **Wrap up**  
Theo Rispens
- 16:50 – 18:00 Drinks with speakers + networking opportunities
