

Thursday November 30	TEMPORARY PROGRAM TRAUMADAGEN 2017 NVT – NVOT – LVO	
07.00	Registration open	Foyer
07.30 – 08.30	Breakfast meeting; 2 zalen (<i>additional registration required</i>)	Parallel
	Meeting 1: Case discussion: Lower extremity; Hindfoot Moderators: David Teague & Tim Schepers	Forumzaal
	Meeting 2: Case discussion: Upper extremity: ELBOW/HUMERUS/SHOUDLER Moderators: Peter Giannoudis & Denise Eygendaal	E102
		Plenary
09.00 – 09.15	Welcome by presidents NVT & NVOT Kees-Jan Ponsen (NVT) & Mark Falke (NVOT)	Forumzaal
SESSION 1	ACETABULAR FRACTURES	Forumzaal
	Moderators: Kees-Jan Ponsen (NVT) & Mark Falke (NVOT)	
09.15 – 09.35	BATTLE: Acetabular fragility fractures: to operate or not? Bill Ricci (operate) & Sven Meylaerts (conservative)	Forumzaal
09.35 – 10.05	SELECTED PRESENTATIONS	Forumzaal
09.35 – 09.45	Assessment of postoperative reduction following acetabular fracture surgery: importance of gap versus step displacement D. O. Verbeek	
09.45 – 09.55	The value of 3D printing and virtual reality in understanding acetabular fractures L. Brouwers	
09.55 – 10.05	Mode of delivery after operative fixation of pelvic ring fractures J. Posthuma	
10.10 – 10.50	Key Note: Pelvic ring fragility fractures: when not to operate? - Ross Leighton Key Note: Acetabular fractures in poly-traumatized patients: a challenge for life and limb - Jan Biert Discussion	Forumzaal
10.50 – 11.35	Coffee break: Poster sessions & Industry visit	Foyer
11.35 – 12.25	SELECTED PRESENTATIONS	Plenary
	Moderators: Peer van der Zwaal & Koen Lansink	
11.35 – 11.45	Volar plate fixation versus plaster in displaced extra-articular distal radius fractures: a multicenter randomized controlled trial M.A.M. Mulders	Forumzaal
11.45 – 11.55	Ultrasound guided cubital nerve block as analgesia for non-operative management of distal radius fractures: a randomized controlled trial K. A. Hartholt	
11.55 – 12.05	Plate removal following distal radius fracture surgery is related to Soong grading. C.A. Selles	

12.05 – 12.15	Reliability and Validity of the Vancouver and Baba Classification for periprosthetic proximal femoral fractures in an independent comparative study T.P.V. Schlösser	
12.15 – 12.25	Quantitative and qualitative assessment of the relative arterial contributions to the calcaneus J.C.E. Donders	
12.30 – 13.45	Lunchbreak: Poster sessions & industry visit	Foyer
	Lunch Symposium GANNET: Results of internal fixation for femoral neck fractures (additional registry required)	Zaal 103

SESSION 2	POLYTRAUMA	Plenary
	Moderators: David Teague & Henk Formijne Jonkers	
13.45 – 14.15	Battle: Total body CT versus selective CT scanning in trauma? David Teague (total body CT) & Jaap Deunk (selective CT scanning) Discussion	Forumzaal
14.15 – 15.15	OPEN PRESENTATIONS	
14.15 – 14.25	Traumatic vascular injuries of abdominal solid organs: is split-bolus really that bad? M. J. Graumans	
14.25 – 14.35	Prehospital predictive factors of severe traumatic head injury in the Netherlands E.A.J. van Rein	
14.35 – 14.45	Addition of Vide-Assisted Thoracoscopic Surgery to the Treatment of Flair Chest J.P.M. Schots	
14.45 – 14.55	Trauma systems around the world: A systematic overview S. Dijkink	
14.55 – 15.05	The evolution of a massive transfusion protocol in a level 1 civilian trauma centre. Have outcomes improved in trauma patients undergoing massive transfusion? J.E. vd Meij	
15.05 – 15.15	Safety in the operating room during acute and elective orthopedic surgical procedures E.A.K. van Delft	
15.15– 15.45	Afternoon break: poster sessions & industry visit	Foyer
SESSIONS 3	WAR ON TERRORISM	Forumzaal
	Moderators: Paul Hustinx & Percy van Eerten	
15.45 – 17.00	Key note: How I do It – INTERNATIONAL – trauma care in terrorism	Forumzaal
	Peter Giannoudis: terrorism in the UK: only one hour away	
	Stefaan Nijs: Lessons learnt from the Brussels terrorist attacks	

	David Teague: Is the war coming into our homes?	
	Loek Leenen: Netherlands: Are WE prepared?	
17.00 – 17.30	Lubach at the Traumadagen
