	Room England	Room Scotland	Room Wales	Room Northern Ireland	Room Liverpool
08.30 – 10.00*	Registration, exhibition, sponsored symposia, and pre-plenary talks				
	Pre-plenary talks: Learning from the animals <i>Matt Morgan, UK.</i> ANZICS trials – what’s on the way? <i>Paul Young, NZ.</i> Monitoring physiology by video <i>Mirae Harford</i>				
AM 1 10.00 – 12.00	Session 1: Opening plenary				
	10.00 Introduction 10.10 Managing victims of terrorism: A guide for clinicians <i>Lt. Col Andy Johnston, UK</i> 10.50 Early mobilisation – are we treating them, or treating us? <i>Michelle Kho , Canada vs. Paul Young, NZ. Chairs: Bronwen Connolly , UK; Terri Hough, US</i> 11.30 Does one size fit all? UK standards, mega-units and smaller hospitals: How will we work in future? <i>Chris Thorpe, UK; Jane Eddleston , UK; Gary Masterson , UK; Mark Blunt , UK. Chairs: Alison Pittard , UK; Laura Vincent , UK.</i>				
12.00 – 13.30 *	Lunch (provided), e-Posters, exhibition + lunchtime symposia				
PM 1 13.30 – 14.45*	2: ICU decision-making: An ethics global round-table Admission, refusal, withdrawal, long-term ventilation, organ donation Dan Harvey pitches scenarios to: <i>Terri Hough, US; Paul Young, NZ; Peter Brindley, Canada; Steve Brett, UK</i>	3: Peri-operative medicine pro-con 13.30 Post-op critical care doesn’t work <i>Rupert Pearse, UK</i> 13.50 Post-op crit care changes outcomes <i>Michael Gillies, UK</i> 14.10 The Scandinavian PACU model <i>Michelle Chew, Sweden</i> 14.30 Panel debate	4: Robotics in healthcare <i>Chairs: Marcela Vizcaychipi + Hugh Montgomery</i> 13.30 Scanning the horizon <i>Jordan Abdi, UK</i> 13.40 History of robotics <i>Carl Clement, UK</i> 13.55 Romeo: Developing a platform <i>Rodolphe Gelin, France</i> 14.15 Interactive demonstration <i>Pepper</i> 14.30 Panel debate	5: New technology & nutrition 13.30 Calorimetry & the future of ICU nutrition <i>Elisabeth de Waele, Belgium</i> 13.45 Muscle imaging & personalised targets <i>Peter Weijs, Netherlands</i> 14.00 Practical use of ultrasound in nutrition <i>Liesl Wandrag, UK</i> 14.15 Gastric emptying & new prokinetics <i>Adam Deane, Australia</i>	6: How I go about ... 13.30 Setting up a medical website <i>Steve Mathieu, UK; Jamie Strachan, UK; Tamara Banerjee, UK</i> 14.10 Developing and running an educational podcast <i>Simon Laing, UK; Jonathan Downham, UK</i>
14.45 – 15.30*	Coffee, pop-up talks, e-Poster viewing and judging (exhibition hall)				
PM 2 15.30 – 16.45*	7: Acute medical management 15.30 Pulmonary embolus <i>Derek Bell, UK</i> 15.50 The cutting edge in acute pancreatitis management <i>Steve Pereira, UK</i> 16.10 Clot retrieval in acute stroke <i>Sanjeev Nayak, UK</i> 16.30 Q&A / Panel debate	8: Critical care echo in 2017 15.30 Haemodynamic monitoring with echo <i>Claire Colebourn, UK</i> 15.50 How-to: Set up an acute FICE service <i>Natasha Lawrence, UK</i> 16.10 UK echo training: The future <i>Marcus Peck, UK</i> 16.30 Panel debate	9: New frontiers in infection 15.30 Resistance: What’s coming? <i>Mark Wilcox, UK</i> 15.50 Dosing strategies <i>Fabio Taccone, Belgium</i> 16.10 Unconventional weapons: Nanotech, phages & more <i>Meryvn Singer, UK</i> 16.30 Panel debate – are we losing the war?	10: Physical rehab – the real frontier 15.30 Pedal power: Implementing cycle ergometry in the ICU <i>Michelle Kho, Canada</i> 15.50 Hands-on with the CPaX tool <i>Eve Corner, UK</i> 16.10 Quality standards in post-ICU rehab: Let’s not miss the point <i>Tim Walsh, UK</i> 16.30 Panel debate	11: Focus on the North West  tbc
17.00 – 18.30*	Opening reception				
	Pop-up evening talks Pop-up podium talks Informative but fun ‘soapbox’ talks, embedded in the social reception.	12: Trainees Pecha Kucha session 20 slides x 20 seconds per slide Who has the skills to make their case? Pick up a glass of wine, come and find out.			

	ICS State of the Art 2017			Day 2 – Tuesday 5 th December	
	Room England	Room Scotland	Room Wales	Room Northern Ireland	Room Liverpool
Day-break 08.30 – 09.15 AM 1 09.15 – 10.30*	13: Year in review 08.30 Shock management <i>Susanna Price, UK</i> 08.50 Transfusion science <i>Tim Walsh, UK</i>				
	14: Trauma resuscitation 09.15 Pre-hospital emergency medicine <i>Caroline Leech, UK</i> 09.35 Lessons from the Canadian Bush <i>Peter Brindley, Canada</i> 09.55 Trauma research: Where we are now and how do people die? <i>Gareth Davies, UK</i>	15: New frontiers: Medical frailty Clinical management of common problems on ICU: practical advice Rate & rhythm control <i>Susanna Price</i>	16: How I manage ... 09.15 Strength and resilience: Muscle, healthy ageing and critical illness <i>Steve Harridge, UK</i> 09.35 Frailty and ICU admission: A geriatrician’s viewpoint <i>Speaker tbc</i> 09.55 Age and co-morbidity: Are we rationing critical care? <i>Annemarie Docherty</i>	17: Interprofessional education 09.15 Ward-based simulation – modelling reality by the bedside <i>Alison Dinning, UK</i> 09.35 Interdisciplinary education the Antipodean way <i>Rob Bevan, NZ</i> 09.55 Clinical education in the future <i>Matt Morgan, UK</i> 10.15 Panel debate	18: Trial design workshop 09.15 From acorn to oak tree: Building a research programme <i>Michelle Kho, Canada</i> 09.30 The evolution of clinical trial science <i>Paul Young, NZ</i> 09.45 Survivor-based outcomes in critical illness – nice but naive? <i>Tim Walsh, UK</i> 10.00 Should all clinicians routinely take part in RCTs? <i>Marion Campbell, UK</i>
10.30 – 11.15* AM 2 11.15 – 12.30*	Coffee, pop-up talks (exhibition hall), poster viewing & judging (e-Poster area)				
	19: Mass casualty incidents 11.15 Current threats, future planning <i>Bob Winter, UK</i> 11.35 Terrorist incidents in Nice, London, Manchester - critical care experiences & lessons learned <i>Andrew Bentley; Marie Healy, UK; Herve Quintard, France; et al</i>	20: The stress response 11.15 Liberal glucose control <i>Adam Deane, Australia</i> 11.35 Steroids <i>Speaker tbc</i> 11.55 The sympathetic nervous system <i>Mervyn Singer, UK</i> 12.15 Q&A/Panel debate	21: Respiratory support 11.15 BREATHE & how do you wean? <i>Gavin Perkins, UK</i> 11.35 Extracorporeal CO₂ removal <i>James McNamee</i> 11.55 Advanced ventilation <i>Kate Tatham</i> 12.15 Panel debate	22: Lights, sound, action! 11.15 Noise in the ICU <i>Julie Darbyshire, UK</i> 11.35 The importance of being kind <i>Hugh Montgomery</i> 11.55 Making it physical: ICU design <i>Danny Bryden, UK</i> 12.15 Panel debate	23: Oral presentations Abstracts tbc Selected abstracts and presenters Submit abstracts now at soa.ics.ac.uk
12.40 – 13.40* PM 1 14.00 – 15.15*	Lunch (provided) + lunchtime symposia.				
	24: Trauma: Specialities 14.00 Burns management <i>Kayvan Shokrollahi, UK</i> 14.20 Orthopaedics & damage control <i>Speaker tbc</i> 14.40 Management of the ventilated spinal injury patient <i>Rob Barker, UK</i> (Individual Q&A)	25: Busting myths 14.00 ICU patients aren’t hungry <i>speakers tbc + 5 min Q&A</i> 14.25 Post Intensive Care Syndrome doesn’t exist <i>Tim Walsh, UK vs. Terri Hough, US + 5 min Q&A</i> 14.50 Base excess isn’t the only way to look at ABGs <i>Herve Quintard, France + 5 min Q&A</i>	26: The lung 14.00 Where next for ARDS trials <i>Terri Hough, US for PETAL network</i> 14.20 UK ARDS guidelines <i>Mark Griffiths, UK</i> 14.40 CMV reactivation in critical illness & the GRAIL trial <i>Gordon Rubenfeld, Canada</i> 15.00 Panel debate	27: Wellbeing & burnout 14.00 The clinical psychology of burnout <i>Julie Highfield, UK</i> 14.20 Beyond Burnout: We really need to talk <i>Peter Brindley, Canada</i> 14.40 Wellbeing: UK & Aus/NZ programmes <i>Danny Bryden, UK; Rob Bevan, NZ</i> 15.00 Panel debate	28: Gold Medal Abstracts tbc Selected abstracts and presenters Submit abstracts now at soa.ics.ac.uk
15.15 – 16.00* PM 2 16.00 – 17.15*	Coffee, pop-up talks (exhibition hall)				
	29: Outcomes: Patient to population 16.00 Waking up in a different body <i>Eve Corner, UK</i> 16.20 Who gets better? <i>Terri Hough, US</i> 16.40 A population approach: Are trauma networks improving survival? <i>Fiona Lecky, UK</i> 17.00 Panel debate	30: Sepsis 16.00 Sepsis epidemiology after Sepsis-3 <i>Gordon Rubenfeld, Canada</i> 16.15 Early detection <i>Matt Inada-Kim, UK</i> 16.30 Protocolised care in NYC <i>Chris Seymour</i> 16.45 Vaccination in sepsis <i>Manu Shankar-Hari, UK</i> 17.00 Panel debate – what are the most useful interventions?	31: Renal masterclass Clinical scenarios <i>Chris Laing, UK + Sara Blakely</i>	32: Tracheostomy & the altered airway 16.00 Hands off my trachea: Long-term consequences of tracheostomy <i>Guri Sandhu, UK</i> 16.20 Tracheostomy patients and how to keep them safe <i>Brendan McGrath, UK</i> 16.40 Multidisciplinary management of the altered airway <i>Jackie Macrae, UK</i> 17.00 Panel debate	33: David Bennett session Life, patients and research: How to stay inspired <i>Paul Young, NZ, 2017 David Bennett speaker</i>
	Second day wine reception				

	State of the Art 2017			Day 3 – Wednesday 6 th December	
	Room England	Room Scotland	Room Wales	Room Northern Ireland	Room Liverpool
Day-break 08.30 – 09.15 AM 1 09.15 – 10.30*	34: Year in review 08.30 Year in review 2				
	35: The cutting edge in cardiology 09.15 What’s next in extracorporeal circulatory support? <i>Pascal Vrancx, Belgium</i> 09.35 ECMO-CPR: A tale of two cities <i>Alan Ashworth, UK; Martin Balik</i> 09.55 The holy grail in cardiogenic shock: How to get your patient into the cath lab <i>Speaker TBC</i> 10.15 Panel debate	36: Bad Drugs 09.15 Toxicology and new street drugs <i>Sally Bradberry, UK</i> 09.35 Anaphylaxis in emergency & critical care <i>Sophie Farooque, UK</i> 09.55 Novel agents & cytokine storm <i>Amit Patel, UK</i> 10.15 Panel debate	37: Peri-Operative Medicine 09.15 SNAP-2 <i>Speaker tbc</i> 09.35 The FLO-ELA trial <i>Mark Edwards, UK</i> 09.55 Preventing post-op complications <i>Murali Shyamsudar, UK</i> 10.15 Panel debate	38: Safety – a practical perspective Human factors Innovation & technology Handovers & transitions of care Team dynamics	39: Non-cardiac ultrasound Cross-Channel Ultrasound Masterclass <i>Ashley Miller, UK & Herve Quintard, France</i>
10.30 – 11.15* AM 2 11.15 – 12.30*	Coffee, pop-up talks (exhibition hall), poster viewing & judging (e-Poster area)				
	40: The Cauldron ICU is booming: How will we cope? The ICS Training Committee Prize Selected abstracts and presenters	41: Cancer Critical Care 11.15 Haematological cancers & transplant <i>Amit Patel, UK</i> 11.35 Solid tumours <i>Victoria Metaxa, UK</i> 11.55 ICU management & future challenges <i>Pascale Gruber, UK</i> 12.15 Panel debate	42: Difficult Airway in the critically ill 11.15 Videolaryngoscopy <i>Jean-Baptiste Lascarrou, France</i> 11.35 New UK guidelines <i>Andy Higgs, UK, for DAS/ICS/FICM/RCOA</i> 11.55 An airway pro-con <i>LJ Mottram, UK; Peter Brindley, Canada</i> 12.15 Panel debate	43: Implementation science: From Paper to Patient 09.15 Implementation science: What are we trying to achieve? <i>Michelle Kho, Canada</i> 09.35 How people apply knowledge in critical care <i>Jill Francis, UK</i> 09.55 Making an impact, vs. sinking without trace: What happens to your research? <i>Rupert Pearse, UK; Rob Bevan, NZ</i>	44: Women in Critical Care A UK call to arms <i>Danny Bryden, UK, & FICM working group</i> A view from across the pond <i>Terri Hough, US, ATS WICC working group</i> It’s not just about doctors <i>Bronwen Connolly, UK</i> 16.30 Panel debate
12.40 – 14.00* PM 1 14.00 – 16.45*	Lunch (provided) + lunchtime symposia				
	45: Closing plenary: Hot topics 14.00 Poster and oral presentation prizes, and FICM/NIHR awards The big trials of 2015-16 and upcoming work: Your chance to grill the investigators Visualising bacterial lung infection Kev Dhaliwal BREATHE Gavin Perkins, UK POPPI Dorothy Wade MOTION Parind Patel				
16.50	Close
