Welcome

Dear

Artist, Biostatistician, Colleague, Drug Developer, Epidemiologist, Fellow, Friend, Geneticist, Journalist, Lupologist, Medical Representative, Patient, Pathologist, Psychologist, Publisher, Researcher, Scientist, Speaker, Sponsor, Support Group, Teacher

If you are delighted to learn something new every day just by taking care of patients and
if you are enthusiastic about discovering something unexpected day by day and
if you are keen to learn from other specialities in- and outside of medicine and
if you like good friendship with your greatest competitor and
if you are convinced that you can learn a lot from failures and
if you welcome global collaborations without borders,

you are probably an avowed lupus enthusiast, and we are looking forward to welcoming you in Düsseldorf on the occasion of the 11th European Lupus Meeting in March 2018 (21st-24th).

A mixture of the above listed options connects us to the fascinating disease lupus and convinced us that a multifaceted fusion of clinical and basic science together with new promising data from clinical trials will make an interesting and challenging content for Düsseldorf meeting.

The 11th European Lupus Meeting is the first conference of the newly founded European Lupus Society. It will be our pleasure to open up the space for open and fruitful discussions about future developments in the field.

Topics may be “International Collaborations” and “Young Academics in Lupus Research”, who we invite to be actively involved in the scientific programme. If you like to experience a synthesis of traditional, modern and future perspectives of medicine and science, Düsseldorf will be your town to visit in March 2018.

Following the meetings in extraordinary cities like Venice (2016) and Melbourne (2017), Düsseldorf, a modern city marvellously situated on the river Rhine with a special passion for art and fashion, full of very warm-hearted and sociable people will welcome you.

Düsseldorf is a city of short distances, directly connected to most European cities, as well as to the USA and Asia.

I am looking forward to welcoming you in Düsseldorf!

General & Scientific Information

IMPORTANT DATES

Late breaking abstract submission	• from 20 October to 12 November 2017
Abstract notification (for abstract submitted within September 17)	• 30 October 2017
Early registration deadline	• 15 December 2017
Late registration deadline	• 19 February 2018
Onsite registration	• From 20 February and onsite

PRE-MEETING COURSE *(only for Trainees/Fellows)*

A pre-meeting course, dedicated to the SLE interested fellows, will be held on March 21 from 10:00 to 15:00, before the official beginning of the conference. Here participants will learn all about SLE basics in three interactive workshops:

- Diagnosis of SLE and SLE mimics
- Therapeutic strategies in SLE
- Immunofluorescence microscopy and Capillary microscopy

You can sign up for the course when registering online for the European Lupus Meeting.

MENTOR-MENTEE-PROGRAM *(only for Trainees/Fellows and Students)*

During the Congress, young fellows will have the possibility to meet experts in SLE and get one mentor assigned that will guide them through the conference to resume the day, discuss interesting topics, visit the poster session and sharing the most exciting news.

Application also via the registration platform.

FISH BOWL DISCUSSION ROUNDS

On March 22 and 23, interactive sessions called “Fish Bowl and Open Chair – Discussion Rounds” will be organized throughout the meeting in the Poster area (Building 22.01).

Young fellows will be invited to choose the fish bowl round of interest and:

- prepare a short evidence based introduction for the beginning of the discussion to create a common base for participants and audience
- actively participate in the discussion

Don't miss the chance to extend your knowledge, meet experts in your topic of interest and get generous reduction in registration fee.

If interested, please send an Email to: lupus2018@aimgroup.eu

POST-MEETING COURSE

The post meeting course will be on Saturday, 24 March 2018 from 09:00 to 17:30 and it will focus on “Targeted Therapies in Rheumatology”. The course is included in the registration fee but you need to confirm your interest during the online registration.

General & Scientific Information

ORAL COMMUNICATION AND POSTER

The Scientific Committee will select the abstracts in order to allocate them in the sessions as oral presentation or as poster. Notification of acceptance or rejection will be sent to the corresponding author by October 30, 2017.

The presenting author of the accepted abstract must register and attend the Congress.

LATE BREAKING ABSTRACTS

Due to the popular demand the Scientific Committee decided to open a late breaking abstracts submission only for posters from 20 October to 12 November.

Abstracts received by e-mail, by fax or after the deadline will not be considered.

E-POSTERS

All abstracts accepted as posters will be displayed at E-Poster Stations (LCD Screens). The discussion will take place in the Poster Area (Building 22.01) during lunchtime on Thursday, March 22 and Friday, March 23 from 13.30 to 14.30.

The electronic poster will be structured with 2 slides (1st slide: Objective, Design and Method - 2nd slide: Results and Conclusions) and each author has 3 minutes for the presentation and 2 minutes for the discussion.

The E-Poster Discussion during lunchtime will be guided and moderated by a chairperson. All presentations, discussions and questions must be in English.

ABSTRACT BOOK

All submitted abstracts, accepted as oral presentation or poster, will be published in Lupus Science & Medicine Supplement.

The abstract book will be available only in electronic format on line and downloadable from Lupus Science & Medicine website. (www.lupus.bmj.com)

The presenting author of the accepted abstract must register within the end of January and attend the Congress; if not, the abstract will be withdrawn from the Abstract Book.
