

**6th Radboud Aesthetic & Reconstructive Round -
Advances in Reconstructive Surgery**

March 23rd, 2018

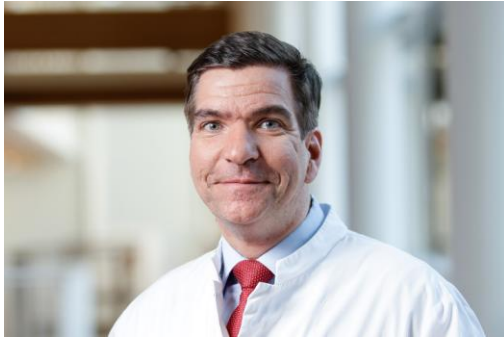

Radboud University Medical Center, Nijmegen

Louis Pasteurzaal, route 608

Prof. Milomir Ninkovic

Munich, Germany

Dear esteemed colleagues,

I am proud to invite you to join the 6th *Radboud Aesthetic & Reconstructive Round* on March 23rd, 2018 in Nijmegen with the topic 'Advances in Reconstructive Surgery'.

The concept of the *Radboud Aesthetic & Reconstructive Rounds* is to get hands-on training and lectures on selected topics in plastic surgery from national and international experts. At the same time, an open and frank discussion among the attending colleagues about our own problem cases and failures is strongly encouraged. The content is suitable for residents, but also for experienced plastic surgeons who want to expand and refine their surgical armamentarium.

It gives me great pleasure to welcome Prof Milomir Ninkovic from Munich, Germany, to our department.

He is head of the Department of Plastic, Reconstructive and Hand Surgery of the Hospital Bogenhausen (Technical University Munich) in Munich, Germany. He received the Godina Travel Award from the American Society for Reconstructive Microsurgery and was international scholar of the American Society of Plastic Surgeons. Prof Ninkovic was one of the leaders of the hand transplantation program in Innsbruck, Austria. Numerous publications, lectures and book chapters illustrate his unique expertise in the area of reconstructive surgery.

I look forward to welcoming you in Nijmegen to join an exciting state-of-the-art lecture!

Kind regards,

Dietmar Ulrich

Program

15:00	Welcome: Prof. Dietmar Ulrich
15:05	Prof. Milomir Ninkovic: 'Advances in Reconstructive Surgery'
16:05	Discussion
16:15	Presentation of problem cases / failures by the participants
