LE SILO MARSEILLE

Welcome

It's my pleasure to host you 27 to 29 September 2018 in Marseille for the second EUS-ENDO meeting. EUS-ENDO will offer you one day of live transmission from Paoli-Calmettes Institute to the SILO in the new center of Marseille. We have invited worldwide experts on EUS and Endoscopy, they will give lectures and will demonstrate the last developments of these technologies (ERCP, ESD, Therapeutic EUS, etc....) during the live demonstrations. New scopes will be showed as new accessories. The main goal of this meeting will be to demonstrate the complementarity of EUS and ERCP for bilio-pancreatic diseases, to show also new procedures as radiofrequency ablation of bilio-pancreatic cancers, cholangio-pancreatocopy, confocal laser endomicroscopy, etc...

The second day will be interactive between the participants and the experts, 3 sessions of oral communications

will be organized in which participants will debate with the experts. Abstracts and Posters presented during EUS-ENDO will be published in Endoscopic Ultrasound review. Debates around Hot Topics as Pancreatic cystic tumor management, EUS-FNA or FNB, Barrett's esophagus will be organized during this second meeting.

The third day will be dedicated to hands on, 6 stations will be available for ERCP, EUS-FNA, T.EUS (Pseudo cyst drainage) which permit to use different kind of accessories as Axios, Spaxus, Nagy stents and many other EUS materials.

Save the date and I would like to wish you a pleasant stay and a successful meeting in Marseille, the capital

of Provence and the oldest city of France.

M.Giovannini
