INTRODUCTION

Dear friends and colleagues,

On behalf of the local organizing committee, I am delighted to announce that the EBA educational course will be held in the beautiful city of Rotterdam, The Netherlands on September 28-29, 2018. This will be the 2nd Educational Course of the European Burn Association.

The EBA Educational Course is scheduled in the even years between the bi-annual EBA congresses to provide practical education & guidelines to EBA members. We expect around 300 delegates; (plastic) surgeons, anaesthesiologists, nurse specialists and other burn team members (including those who are in training) from all over Europe and beyond.

The leading theme of this course is 'Innovations in Burn Care'. The scientific programme will be totally plenary (no parallel sessions) except 1 hr hands-on workshops per day and a few sponsored sessions and posters from submitted abstracts. All aspects of burn care will find room in the scientific programme although the following aspects will be highlighted: Patient reported outcomes, telemedicine, virtual reality and other bedside strategies, (paediatric) intensive care treatment, wound debridement and reconstructive surgery.

The course will be held in the congress center De Doelen, Rotterdam, The Netherlands. Rotterdam offers unique accessibility as the recently-renovated Rotterdam Central station (a sight worth seeing in itself) has frequent high-speed (inter)national train connections. Also, you can fly to The Rotterdam Airport or Amsterdam Schiphol Airport, one of Europe's major transport hubs, which is only 25 minutes away by high-speed train. Rotterdam is a vibrant and cosmopolitan city featuring world class architecture, an innovative dining scene, and top-class art museums. In 2016, Lonely Planet declared Rotterdam as one of the top cities in the world for travellers.

We intend to organize a challenging and exciting programme, both scientifically and socially, that will inspire all multidisciplinary workers in burn centres throughout Europe.

Yours sincerely,

*Dr. Kees van der Vlies,
Course President*

GENERAL INFORMATION

Venue

Congress Center De Doelen Schouwburgplein 50 3012 CL Rotterdam, The Netherlands
tel +31-10-2171717

Located next to the Marriott Hotel and the Central Railway Station.
23 min direct train connection with Amsterdam Schiphol Airport

Location

Rotterdam is a young and dynamic city only 23 train minutes from Amsterdam Schiphol airport and with high speed train connections with Amsterdam, Brussels, London & Paris. A city with world class architecture, an open and cosmopolitan atmosphere and a hip & happening art, festival and culinary scene. There's always something to see or do in Rotterdam. International acclaim supports the new elan of Rotterdam as top international destination. Lonely Planet declared Rotterdam as one of the top cities in the world for travellers in 2016. Other international accolades include Must See City 2014 (NY Times) and Top Ten City 2014 (RoughGuides)

Timing

The course will start on Friday 28 September 2018 at 9.00hrs. and will end on Saturday 29 September 2018 around 16:30 hrs

CME Accreditation

Accreditation for the Educational Course 2018 is applied at the European Accreditation Council for Continuing Medical Education (EACCME). This accreditation will be endorsed by the European Union of Medical Specialists (UEMS) ensuring that the CME credits awarded to the participants are recognized by the national medical authorities who have agreed to co-operate in this European system. EACCME credits are recognized by the American Medical Association towards the Physician's Recognition Award (PRA).

Certificate of attendance

Certificates of attendance will be sent afterwards by email.

Language

The official Course language will be English. No simultaneous translation will be available.

Exhibition

A targeted group of pharmaceutical and medical companies will be invited to expose their products and services. Please check for sponsor & exhibit opportunities at www.eba2018.org

Insurance

In registering for EBA 2018, delegates agree that neither the EBA Society organisation nor the congress agency Congress Care is responsible for individual medical, travel or personal insurance. Delegates are requested to make their own travel and health insurance. The organizers cannot assume liability for changes in the programme due to external circumstances.
