|----------------------|---|
|                      | <b>4e Multidisciplinair Immuno-Oncologie Symposium</b>  |
|                      | Tuesday 18 September 2018, Driebergen, The Netherlands  |
|                      | Programme   |
|                      |   |
| <b>13.30</b>         | <i>Registration</i>   |
|                      | <b>Plenary session 1</b>  |
| 14.00                | Tumor heterogeneity influences the immune system's ability to fight cancer  |
|                      | <i>Samra Turajlic, The Francis Crick Institute, London, UK</i>  |
|                      |   |
| <b>14.30 - 15.45</b> | <b>Parallel session 1</b>   |
|                      | <b>Medical Oncology</b>   |
|                      |   |
| 14.30                | Merkel cell carcinoma: what can we do with Immunotherapy?   |
|                      | <i>Jurgen Becker, dermatologist, Group for Translational Skin Cancer Research, Heidelberg, Germany</i>  |
|                      | Sequencing immune and chemotherapy in subsequent treatment lines  |
|                      | <i>Rudolf Fehrmann, medisch oncoloog, UMCG <a href="mailto:r.s.n.fehrmann@umcg.nl">r.s.n.fehrmann@umcg.nl</a></i>   |
|                      |   |
| 14.55                | T-VEC in stadium IIIC melanoma  |
|                      | <i>Viola Franke, arts-onderzoeker afdeling Chirurgisch Oncologie, NKI-AvL, Amsterdam</i>  |
|                      | Immunotherapy in first line treatment of NSCLC ?  |
|                      | <i>Federico Cappuzzo, pulmonologist, AUSL Romagna, Ravenna, Italy</i>   |
|                      |   |
| 15.20                | Melanoma: when to stop immuno therapy?  |
|                      | <i>Bart Neyns, medisch oncoloog, UZ Brussel, Belgie</i>   |
|                      | Case 1 NSCLC: management immuno therapie related toxicity   |
|                      | <i>Jeroen Hilterman, longarts, UMCG</i>   |
|                      |   |
| <b>15.45 - 16.15</b> | <i>Break</i>  |
|                      |   |
|                      | <b>Plenary session 2</b>  |
|                      |   |
| 16.15                | Case 2 Management immuno therapie related toxicity  |
|                      | <i>Karin Suijkerbuijk, medisch oncoloog, UMCU</i>   |
|                      |   |
| 16.45                | Hoe kunnen wij CAR-T cel therapie effectiever en veiliger maken?  |
|                      | <i>Maria Themeli, assistant professor, Cancer Center Amsterdam <a href="mailto:m.themeli@vumc.nl">m.themeli@vumc.nl</a></i>   |
|                      |   |
| 17.15                | Stop & go prospective trial met immunotherapy   |
|                      | <i>Astrid van der Veldt, medisch oncoloog, ErasmusMC</i>  |
|                      |   |
| <b>17.45 - 19.00</b> | <i>Walking dinner</i>   |
|                      |   |
| 19.00                | In situ cancer vaccines: tumor ablation and immunotherapy   |
|                      | <i>Gosse Adema, Dept. Molecular Immunology Radiotherapy &amp; Oncoimmunology Laboratory, Radboudumc <a href="mailto:Gosse.Adema@radboudumc.nl">Gosse.Adema@radboudumc.nl</a></i>      |
|                      |   |
| 19.30                | Non-invasive imaging-based biomarkers?  |
|                      | <i>Regina Beets-Tan, radiologist, NKI-AvL, Amsterdam <a href="mailto:j.tuurenhour@nki.nl">j.tuurenhour@nki.nl</a> (secr) <a href="mailto:r.beetstan@nki.nl">r.beetstan@nki.nl</a></i> |
|                      |   |
| <b>20.00</b>         | <i>Closure</i>  |
