Meeting Overview

- Open Rheum is a two-day educational experience, it is an exciting opportunity for clinicians to discuss and debate cutting-edge clinical immunology and rheumatology with a distinguished and varied faculty
- The meeting is a multi-format and parallel-session approach allowing clinicians to discuss a range of topics, with a focus on the needs of both patients and rheumatologists
- As the meeting includes parallel session the attendees can tailor your program to match their interests and educational needs, selecting from topics such as integrated care, imaging, standards of care, the future of rheumatology, therapeutic choice and optimal communication with patients.

WEC/EEME&A Meeting

PARIS - 8-9 NOV 2018

Open
Rheum

Day 1: The Current State of the Art
