

Congress

Friday 28th September

Sep 28, 2018
8:15 - 8:30

Welcome Presentation

Sep 28, 2018
8:30 - 9:30

Free Papers 1

Sep 28, 2018
9:30 - 10:30

Clinical Assessment in Dysphagia Across the Lifespan

- | | |
|----------------------|---|
| 9:30 - 9:45 | Clinical Examination of Swallowing in Paediatrics |
| 9:45 - 10:00 | Current Evidence and New Directions on Clinical Swallowing Examinations in Adults |
| 10:00 - 10:15 | European and International Guidelines on Swallow Screening: Are they realistic? |
| 10:15 - 10:30 | Panel Discussion and Q&A |

Sep 28, 2018
10:30 - 11:00

Coffee Break

Sep 28, 2018
11:00 - 12:00

Free Papers 2

Sep 28, 2018
12:00 - 12:30

New Innovations in Dysphagia Assessment

Dynamic Swallowing Studies

Sep 28, 2018
12:30 - 13:00

Poster Session 1

Sep 28, 2018
13:00 - 14:30

Lunch and Symposium

Sep 28, 2018
14:30 - 16:00

Free Papers 3

Sep 28, 2018
16:00 - 16:30

Coffee Break

Sep 28, 2018
16:30 - 17:30

New Tools to Assess Swallow Function

- 16:30 - 16:45 Beyond Residue and Aspiration: Perspectives on the Future of Swallowing Studies
- 16:45 - 17:00 The Future of Imaging Techniques for Swallowing Studies
- 17:00 - 17:15 The Metrics of the Swallow Response
- 17:15 - 17:30 Discussion and Q&A

Sep 28, 2018
17:30 - 18:00

Poster Session 2

Sep 28, 2018
18:00 - 19:00

Symposium

Sep 28, 2018
19:30

Gala Dinner

Dining Hall, Trinity College Dublin

Saturday 29th September

Sep 29, 2018
8:15 - 8:30

Welcome Presentation

Sep 29, 2018
8:30 - 9:30

Free Papers 4

Sep 29, 2018
9:30 - 10:30

Shaping the Future in FEES

- 9:30 - 9:50 Outcome measures in FEES
- 9:50 - 10:10 FEES in ICU
- 10:10 - 10:30 Discussion and Q&A

Sep 29, 2018
10:30 - 11:00

Coffee Break

Sep 29, 2018
11:00 - 12:00

Free Papers 5

Sep 29, 2018
12:00 - 13:00

Novel Approaches to Managing Aspiration

- 12:00 - 12:15 Laryngeal surgery and laryngeal re-innervation
- 12:15 - 12:30 Brainstem Dysphagia Rehabilitation (Pharyngeal surgery and rTMS)

Sep 29, 2018
12:30 - 13:00

Poster Session 3

Sep 29, 2018
13:00 - 14:30

Lunch and Symposium

Sep 29, 2018
14:30 - 15:30

Free Papers 6

Sep 29, 2018
15:30 - 16:00

Coffee Break

Sep 29, 2018
16:00 - 17:30

Shaping the Future: Pre-Habilitation in Dysphagia

16:00 - 16:15	Pre-Habilitation in Dysphagia in ICU
16:15 - 16:30	Pre-Habilitation in Dysphagia: H&N Ca
16:30 - 16:45	Preventing Sarcopenia and Malnutrition in Older High Risk Populations
16:45 - 17:00	Cost/benefit Analysis of Dysphagia Prevention
17:15 - 17:30	Discussion and Q&A

Sep 29, 2018
17:30 - 18:00

Closing Ceremony

Confirmed Speakers Include:

Renata Guedes

Dr. Guedes, Ph.D., SLP, obtained her Speech Language Pathology degree at "Universidade de Ciências da Saúde de Alagoas" – Brazil in 2005 and further specialized in working with communication and swallowing disorders on head and neck cancer patients at A.C. Camargo Cancer Center in Brazil (2007). She was granted a Master's degree at A.C. Camargo Cancer Center (2010) and completed her Ph.D. study on brain function through fMRI related to swallowing on glossectomy patients in collaboration with "Universidade de São Paulo" (USP) in 2016.

In 2016/2017 Dr. Guedes deepened her knowledge on normal swallowing with her postdoctoral research, under Dr. Janessa Humbert at the Swallowing Systems Core Laboratory, University of Florida, where she remains a collaborator.

Dr. Guedes is currently part of the Speech Language Pathology Department at FMU University in Sao Paulo as an assistant professor, working with adults with swallowing and communication disorders and is a Fellow of the Brazilian Speech-Language-Hearing Society, a member of the Dysphagia Research Society and a frequent reviewer for scientific journals.
