

Programme

AIR 2018, the 8th Advancing ILD Research Educational Meeting

Munich, Germany 16–17 November 2018

Meeting Co-Chairs: Athol Wells, Jürgen Behr

Scientific Committee:

Carlo Albera, Katerina Antoniou, Jürgen Behr, Elisabeth Bendstrup, Ulrich Costabel,
Vincent Cottin, Bruno Crestani, Jim Egan, Thomas Geiser, Andreas Günther,
Michael Kreuter, Maria Molina-Molina, Venerino Poletti, Carlos Robalo Cordeiro,
Anne-Marie Russell, Simon Walsh, Athol Wells, Marlies Wijsenbeek

Programme

Friday 16th November

13:00–13:05 Introduction and overview of Roche commitment to respiratory medicine
Jean-Marc Häusler, Franchise Head Respiratory, Gastroimmunology & Infectious Diseases, F. Hoffmann-La Roche

13:05–13:10 Co-chairs' welcome and introduction
Jürgen Behr, Athol Wells

Session 1: Back to the future – what have we learnt since AIR 2017? *Chairs: Antje Prasse, Argyris Tzouvelekis*

13:10–13:30 What's new from clinical trials in IPF?
Jürgen Behr

13:30–13:50 What's new in IPAF?
Vincent Cottin

13:50–14:10 What's new from CHP?
Martina Vašáková

14:10–14:30 What did we learn from single cell analysis?
Andreas Günther

Session 2: The impact of new IPF diagnostic guidelines / statements on clinical practice *Chairs: Carlos Robalo Cordeiro, Marlies Wijsenbeek*

14:30–14:40 Radiological diagnosis of IPF
Joseph Jacob

14:40–14:50 Clinical diagnosis of IPF / ERS statement paper
Athol Wells

14:50–15:10 Panel discussion and audience Q&A – How will the new diagnostic guidelines impact clinical practice?
Joseph Jacob, Athol Wells, Venerino Poletti

15:10–15:40 *Coffee break*

Session 3: Grand rounds in ILD *Chairs: Carlo Albera, Demosthenes Bouros, Claudia Valenzuela*

15:40–17:10 Case study reviews:

- Breakout sessions Purple, Blue, Grey

17:10–17:20 *Move back to plenary room*

Session 4: The Grand Debate *Chair: Maria Molina-Molina*

17:20–17:55 Debate: Is it time to change the name of IPF?
Pro: Wim Wuyts
Con: Katerina Antoniou

17:55–18:00 Close
Jürgen Behr, Athol Wells

Programme

Saturday 17th November

08:30–08:35 Welcome back to Day 2
Athol Wells

Session 5: Comorbidities in IPF *Chairs: Bruno Crestani, Dirk Koschel*

08:35–09:05 Keynote speech – IPF and PH: diagnosis and management
David Montani

09:05–09:35 Debate: Lung cancer – treatment in ILD patients: do nothing vs do something
Nothing: Carlo Vancheri
Something: Jacques Cadranel

09:35–10:05 Debate: Does treatment of GERD influence IPF progression – yes vs no
Yes: Elisabeth Bendstrup
No: Michael Kreuter

10:05–10:10 Introduction to Session 6 (breakout) *Chair: Athol Wells*

10:10–10:40 *Coffee break and group photo*

Session 6: Roundtable discussions *Roundtable leaders: Diego Castillo, Jim Egan, Francesco Bonella, Maria Molina-Molina, Sara Tomassetti, Elisabetta Renzoni*

Roundtable 1: 10:40–11:20

- MDT best practice
- Lung transplant

Changeover

Roundtable 2: 11:30–12:10

- Patient involvement in research / Identifying research needs in ILD
- Interstitial lung abnormalities
- Communication – managing difficult conversations
- Sleep apnoea / Oxygen therapy

12:10–13:10 *Lunch*

13:10–13:40 Feedback from breakout
Athol Wells

Session 7: Holistic care in ILD: (re)defining palliation for patients and caregivers *Chairs: (tbc), Michael Kreuter*

13:40–13:50 Latest data on palliative care for patients with IPF
Sabrina Bajwah

Palliative care from the perspective of:
Anne-Marie Russell, Nazia Chaudhuri, Anne-Marie Doyle

13:50–14:00

- Nurse specialist (symptom management / advanced care planning)

14:00–14:10

- ILD specialist

14:10–14:20

- Psychiatrist (isolation / anxiety / depression in ILD)

Programme

Saturday 17th November

14:20–14:40 Panel discussion and audience Q&A – How should palliative care be redefined in ILD?
Sabrina Bajwah, Anne-Marie Russell, Nazia Chaudhuri, Anne-Marie Doyle

Session 8: **The role of technology in the future of ILD management**
Chairs: Joseph Jacob & Claus Neurohr

14:40–15:00 State of the art imaging
Simon Walsh

15:00–15:20 New endoscopic approaches for earlier detection of ILD (OCT, CLE)
Venerino Poletti

15:20–15:40 Telemedicine and patient devices
Marlies Wijzenbeek

15:40–15:50 *Meeting close*
Athol Wells
