2nd International Summit

Day 1

Orange track		Green track	
12:00	Arrivals and lunch		
13:00	Chair's welcome		
13:15	Plenary 1: The cytokine conundrum : exploring inflammatory disease pathways Rheum: Ernest Choy, Gastro: Laurent Peyrin-Biroulet (TBC)		
14:15	Plenary 2: Microbiome modulation: is the gut at the centre of inflammatory disease? Rheum: Prof. Carlo Selmi, Gastro: Jan Wehcamp (TBC)		
15:15	Coffee		
	Plenary sessions co-chaired by Stefan Schreiber and Rieke Alten		
15:30	Plenary 3: Optimising the patient pathway: lessons from respiratory disease Francesco Blasi	15:30	Workshop session A
		Transfer time	
16:30	Plenary 4: Understanding empowering the patient: the psychology of chronic disease James Galloway and Christine Bundy	16:30	Workshop session B
17:30	Coffee		
17:45	Workshop session A	17:45	Plenary 3: Optimising the patient pathway: lessons from respiratory disease Francesco Blasi
	Transfer time		
18:45	Workshop session B	18:45	Plenary 4: Understanding empowering the patient: the psychology of chronic disease James Galloway and Christine Bundy
19:45	Meeting close		
20:00	Dinner		

Day 1 workshop sessions

Day	Topics	Speakers	
Friday	Patient focus: lifestyle, diet and environmental influences on disease	Loreto Carmona	Iris Dotan
Friday	Tackling the challenges in diagnosis and treatment selection in inflammatory diseases	Rieke Alten	Walter Reinisch
Friday	Translating guidance to practice	Maxime Dougados	Axel Dignass
Friday	Patient Focus: family planning	Anna Molto	Krisztina Gecse
Friday	Current approaches to monitoring disease progression endoscopy, US and MRI	Mikkel Ostergaard	Laurent Peyrin-Biroulet
Friday	Optimal treatment strategies	Catalin Codreanu	S�everine Vermeire

Day 2

Orange track		Green track	
08:30	Chair's welcome Day 2		
08:45	Plenary 5: Synchronising approaches between rheumatologists and gastroenterologists (<i>panel discussion</i>) Silvio Danese, Ernest Choy, Séverine Vermeire, Andra Balanescu, Laurent Peyrin-Biroulet, Maxime Dougados		
09:45	<i>coffee</i>		
	Plenary sessions co-chaired by Stefan Schreiber and Rieke Alten		
10:00	Plenary 6: Practical approaches to tailored treatment: the search for biomarkers Rheum: Constantino Pitzalis Gastro: Geert D'Haens	10:00	Workshop session C
			<i>Transfer time</i>
11:00	Plenary 7: Future targets beyond treatments with proven efficacy Rheum: Peter Taylor Gastro: Subrata Ghosh	11:00	Workshop session D
12:00	<i>lunch</i>		
13:00	Workshop session C	12:15	Plenary 6: Practical approaches to tailored treatment: the search for biomarkers Rheum: Constantino Pitzalis Gastro: Geert D'Haens
	<i>Transfer time</i>		
14:00	Workshop session D	13:15	Plenary 7: Future targets beyond treatments with proven efficacy Rheum: Peter Taylor Gastro: Subrata Ghosh
15:00	Insights in Inflammation and Immunology: Expert reflections Chairs: Ernest and Silvio, with Iris Dotan, Oliver Fitzgerald, Laura Coates, Geert D'Haens		
15:45	<i>Departures</i>		

Day 2 workshop sessions

Day	Topics	Speakers	
Saturday	Cardiovascular safety	Andra Balanescu	Peter Irving
Saturday	Co-morbidities in chronic inflammatory diseases	Laura Coates	Matthieu Allez
Saturday	Patient focus: fatigue management	Frank Behrens	Britta Siegmund
Saturday	Patient focus: chronic pain management	Mart van de Laar	Gerhard Rogler
Saturday	Minimising the risk of infections in inflammatory disease	Kevin Winthrop	Alessandro Armuzzi
Saturday	Minimising the risk of malignancies in inflammatory disease	Maxime Dougados	Stefan Schreiber
