Welcome address *J. Sabatier, Y. Lazorthes and all team*

SATURDAY 17 November

8:00 – 8:45

Registration opens at the Hôtel-Dieu

08:45 – 09:00

Opening *J. Sabatier*

09:00 – 10:30

Hypofractionation with ICON (*Chair: P. Hanssens, I. Latorzeff*)

Icon use in Europe: an update *P. Hanssens*

Hypofractionation and its radiobiology *I. Paddick*

Hypofractionation or single dose? Major indications *J. Régis*

Synthesis: round table *P. Picozzi*

10:30 – 10:45

Coffee break

10:45 – 12:15

Brain Metastasis (*Chair: B.Gatterbauer, CA Valéry*)

A Translational Concept of Immuno-Radiobiology *B. Lippitz*

Large metastasis: treatment options *CA Valéry*

Long term survivors *P. Hanssens*

Synthesis: round table

12:15 – 12:40

EPFL Inverse planning (*Chair: LR Barzaghi, Y. Arkha, R. Foroni*)

Method *M. Levivier*

Preliminary results of a prospective study *J. Régis*

12:40 – 14:00

Lunch

14:00 – 14:45

News from ELEKTA

14:45 – 15h45

Multi-centric trials (*Chair: V. Lubrano, P. Picozzi*)

Past or ongoing ELGKS studies:

- Cavernomas / Eye tumors / Hypofractionation *R.Martinez, P.Hanssens*

Supported by

- Future trials?
- Preoperative (vs. postoperative) cavity radiosurgery for resected brain metastases
M. Levivier, P. Hanssens

A multi-centric European trial supported by Pharma industry *G. Spatola*

15:45 – 16:15

General Assembly, *E. Motti*

Next Venue

News and future of the society: a « user group » but not only...

- ELGKS and ISRS *E. Motti, I. Paddick*
- European teaching program *J. Régis*

16:15 – 16:45

Coffee break

16:45 – 17:15

The ISRS credentialing service (Chair: *A. Golanov*)

Raising standards in SRS *I. Paddick*

Discussion

17:15 – 18:15

Challenging points (1) : Post ARUBA era (Chair : *A. Kemeny, G. Beute*)

What after ARUBA ? :

- A case series (Lille) *N.Reyns*
- A case series (Marseille) *JF Hak*
- A synthesis of actions internationally undertaken in response to ARUBA *R. Martinez*

TOBAS: a new prospective study for unruptured AVM *AC Januel*

Discussion

SUNDAY 18 November

09:15 – 10:30

Challenging points (Chair : *E. Motti, J. Régis, A. Franzin*)

(2) BED paradigm shift ? *C. Tuleasca*

(3) Malignant transformation post-RS in 2018 : an update *J. Rowe*

Low-grade neuroepithelial brain tumors and 2016 WHO classification: indications for GKRS ? *P. Picozzi*

(4) The VIM targeting, the Tilburg's experience *G. Beute*

10:30 – 11:00

The grey corner (Chair : *B. Debono*)

11:00

Closure *J.Sabatier & V. Lubrano*

Board Meeting

Supported by
