

Literatuurlijst 'Perifeer arterieel vaatlijden: een sleutelrol voor de huisarts'

1. Zinnige Zorg – implementatie verbeterpunten Perifeer Arterieel Vaatlijden (PAV) – Verslag voortgangsbijeenkomst 14 mei 2018
2. Fowkes et al., 2013 – Comparison of global estimates of prevalence and risk factors for peripheral artery disease in 2000 and 2010: a systematic review and analysis
3. Criqui et al., 2015 – Epidemiology of peripheral artery disease
4. Bartelink et al., 2014 – NHG-Standaard Perifeer arterieel vaatlijden (tweede herziening)
5. Rozanski, 2014 – Behavioral cardiology: current advances and future directions
6. Bhatt et al., 2006 – International prevalence, recognition, and treatment of cardiovascular risk factors in outpatients with atherothrombosis
7. Steg et al., 2007 – One-Year Cardiovascular Event Rates in Outpatients With Atherothrombosis
8. Criqui et al., 1992 – Mortality over a period of 10 years in patients with peripheral arterial disease
9. Hirsch et al., 2006 – ACC/AHA Guidelines for the Management of Patients with Peripheral Arterial Disease (Lower Extremity, Renal, Mesenteric, and Abdominal Aortic)
10. Criqui et al., 2001 – Peripheral arterial disease--epidemiological aspects
11. McKenna et al., 1991 – The ratio of ankle and arm arterial pressure as an independent predictor of mortality
12. Ries et al., 2003 – SEER Cancer Statistics Review
13. Fokkenrood et al., 2014 – Significant savings with a stepped care model for treatment of patients with intermittent claudication
14. Hageman et al., 2018 – Limited Adherence to Peripheral Arterial Disease Guidelines and Suboptimal Ankle Brachial Index Reliability in Dutch Primary Care
15. Multidisciplinaire richtlijn 'Diagnostiek en Behandeling van Patiënten met PAV van de Onderste Extremititeit', Federatie Medisch Specialisten, 2016
16. Watson et al., 2008 – Exercise for intermittent claudication
17. Hageman et al., 2018 – supervised exercise therapy vs home-based exercise therapy vs walking advice for patients with leg pain while walking (intermittent claudication)
18. Gommans et al., 2015 – Safety of supervised exercise therapy in patients with intermittent claudication
19. Fakhry et al., 2018 – Endovascular revascularisation for intermittent claudication (pain in the legs)
20. Stewart et al., 2002 – Exercise training for claudication
21. Lokin et al., 2015 – Disease understanding in patients with intermittent claudication: A qualitative study
