

**Symposium**

# **Combined Workshop on Thoracic and Abdominal Organ Perfusion for Transplantation**

**April 15<sup>th</sup> – 16<sup>th</sup> 2019**  
Rotterdam, The Netherlands

**REGISTRATION  
OPEN**

**Endorsed by ESOT and ELITA**

# PRELIMINARY SCIENTIFIC PROGRAMME

## DAY 1: April 15<sup>th</sup>

10:00-10:45	Welcome with coffee
10:45-11:00	<i>Introduction of the Course</i> Jeroen de Jonge, Rotterdam, NL Robert Minnee, Rotterdam, NL

### SESSION 1 | Common grounds in machine perfusion

11:00-11:30	<i>Common grounds in abdominal and thoracic organ injury</i> Henri Leuvenink, Groningen, NL
11:30-12:00	<i>How HOPE works in the liver</i> Philipp Dutkowski, Zurich, Switzerland
12:00-12:30	<i>Normothermic organ perfusion: how to assess viability?</i> Hynek Mergental, Birmingham, UK
12:30-13:30	<i>Discussion and Lunch</i>

### PARALLEL SESSION 2A | Abdominal

13:30-14:00	<i>Kidney: HMP or HOPE?</i> Jacques Pirenne, Leuven, Belgium
14:00-14:30	<i>Kidney normothermic: practical considerations starting up a program</i> Mike Nicholson, Cambridge, UK
14:30-15:00	<i>Liver normothermic: what did we learn from the continuous perfusion trial?</i> Chris Watson, Cambridge, UK

### PARALLEL SESSION 2B | Thoracic

13:30-14:00	<i>Lung EVLP: when to accept or decline a lung after EVLP?</i> Michiel Erasmus, Groningen, NL
14:00-14:30	<i>HOPE for the heart</i> Sebastian Michel, München, Germany
14:30-15:00	<i>Heart normothermic perfusion: limits and how to assess function?</i> André Simon, London, UK
15:00-15:45	<i>Coffee break</i>

### SESSION 3 | Normothermic Regional perfusion

15:45-16:15	<i>Abdominal NRP combined with lung procurement in DCD III: UK experience</i> Gabriel Onisco, Edinburgh, UK
16:15-16:45	<i>NRP in uncontrolled DCD: how to stabilize perfusion?</i> Constantino Fondevila, Barcelona, Spain
16:45-17:15	<i>Central NRP: Papworth experience</i> Steven Tsui, Cambridge, UK
17:15-18:00	<i>Bites break with news flashes: mini reports of future research plans by attendees (max 5 min)</i>

### SPONSOR SESSION 4 | Of man and machines

Demonstration of the different perfusion systems, dry runs

20:00-22:30 *Networking*

## DAY 2: April 16<sup>th</sup>

08:30-09:00	Welcome with coffee
09:00-10:00	<b>SESSION 5   Preparation for hands-on part</b>

*Explanation techniques and video*  
Gabriel Oniscu, Constantino Fondevila

### SESSION 6 | Hands-on course on anesthetized live animals:

Central and abdominal NRP  
André Simon, Michiel Erasmus, Niels van der Kaaij, Gabriel Oniscu, Chris Watson, Constantino Fondevila, Jeroen de Jonge, Volkert Huurman

12:00-13:00 *Lunch*

### PARALLEL SESSION 7A | Abdominal

13:00-14:00	<i>Kidney HOPE</i> Robert Pol, Robbert Minnee, Khe Tran, Volkert Huurman
14:00-16:00	<i>Liver HOPE</i> Philipp Dutkowski, Jeroen de Jonge, Wojtek Polak
13:00-14:00	<i>Kidney NMP</i> Robbert Minnee, Robert Pol, Cyril Moers
14:00-16:00	<i>Liver NMP</i> Hynek Mergental, Chris Watson, Constantino Fondevila, Jeroen de Jonge

### PARALLEL SESSION 7B | Thoracic

13:00-16:00	<i>Lung EVLP</i> Michiel Erasmus, Niels van der Kaaij
13:00-14:00	<i>Heart HOPE</i> Sebastian Michel
14:00-16:00	<i>Heart NMP</i> André Simon
16:00-16:30	<i>Round-up and lessons learnt</i>
16:30-17:00	<i>Farewell with drinks</i>

Combined Workshop on Thoracic and Abdominal Organ Perfusion for Transplantation

Target number of participants: 20-25  
Accreditation is pending. NVVH, NVT & UEMS/EACCME.

Visitors address SkillsLab  
Roomnr Ee-120  
Wytemaweg 80,  
3015 CN Rotterdam  
The Netherlands
