

Scientific symposium discussing new insights in treatment and diagnosis of soft tissue sarcoma and GIST, with the title “Surgeons and their partners in sarcoma treatment, a matter of choice”.

September 13, 2019; Antoni van Leeuwenhoek, Amsterdam, Piet Borst Auditorium

09:15-09:30	Welcome, registration, coffee	
09:45-10:00	Introduction	Prof.Dr. Geerard Beets
10:00-10:25	Sarcoma surgeons prepare their operations; do they have any idea what they are looking at?	Dr. Christina Messiou
10:25-10:50	Sarcoma surgeons prepare their operations; do they need neoadjuvant radiotherapy?	Dr. Rick Haas
10:50-11:15	Sarcoma surgeons prepare their operations; do they need neoadjuvant chemotherapy?	Prof.Dr. Winette van der Graaf
11:15-11:40	Coffee break	
11:40-12:05	Surgeons performed their sarcoma operations; do they have any idea about margins?	Prof.Dr. Raphael Pollock
12:05-12:30	Surgeons have performed their sarcoma operations; do they have any idea what they have taken out?	Prof. Dr. Judith Bovée
12:30-13.30	Lunch	
13.30-13:55	What if surgeons cannot perform their sarcoma operations; ILP?	Dr. Winan van Houdt
13.55-14:20	Though extremely unlikely, but what if surgeons fail; local relapse management?	Dr. Alessandro Gronchi
14.20-14.45	Do surgeons have a role in metastases management?	Dr. Houke Klomp
14.45-15.15	Coffee break	
15.15 -15.45	The Battle: case discussions	Whole panel
15.45-16.10	Development in surgical oncology in the “Frits” era	Prof.Dr. Emiel Rutgers
16.10-16:45	The sarcoma world before Frits, during Frits and after Frits	Dr. Frits van Coevorden
16.45-17.00	Wrap up; the AVL sarcoma team before Frits, with Frits and after Frits	Dr. Rick Haas
17.00-17:20	Say good bye and Thank You So Much	Prof.Dr. Emile Voest
17:20-19:00	Goodbye Frits	

Prof. Dr. Geerard L. Beets, MD PhD, Chair Department of Surgical Oncology, The Netherlands Cancer Institute-Antoni van Leeuwenhoek

Prof. Dr. Judith Bovée, MD PhD, clinician scientist at the Department of Pathology, Leids Universitair Medisch Centrum, Leiden

Prof. Dr. Winette van der Graaf, MD PhD, Professor of Personalized and Translational Oncology, The Netherlands Cancer Institute-Antoni van Leeuwenhoek

Dr. Alessandro Gronchi, MD PhD, surgical oncologist, Fondazione IRCCS Istituto Nazionale dei Tumori di Milano | Istituto Tumori di Milano, Italy

Dr. Rick Haas, MD PhD, radiation oncologist, The Netherlands Cancer Institute-Antoni van Leeuwenhoek

Dr. Winan J. van Houdt, MD PhD MSc, surgical oncologist, The Netherlands Cancer Institute-Antoni van Leeuwenhoek

Dr. Houke Klomp, MD PhD, surgical oncologist, The Netherlands Cancer Institute-Antoni van Leeuwenhoek

Dr. Christina Messiou, consultant radiologist, MD BMedSci BMBS MRCP FRCR, The Royal Marsden, London

Prof. Dr. Raphael Pollock, MD PhD, surgical oncologist, The Ohio State University Comprehensive Cancer Center (OSUCCC), Columbus (OH)

Prof. Dr. Emiel Rutgers, MD PhD, surgical oncologist, The Netherlands Cancer Institute-Antoni van Leeuwenhoek

Prof. Dr. Emile Voest, MD PhD, medical oncologist, translational scientist and medical director of the Netherlands Cancer Institute-Antoni van Leeuwenhoek
