Dear colleagues,

It is with great pleasure to announce the upcoming meeting of the Benelux Society of Phlebology in close collaboration with the Belgium Society of Vascular Surgery and the Dutch College of Phlebology in Renesse, for which you are kindly invited. An interesting scientific program with an international faculty covering a wide spectrum of phlebological issues is presented.

Looking forward to your contribution to the scientific discussions and the social program.

With kind regards,

Prof. dr. Cees H.A. Wittens

Local organizer
