SURGICAL INFECTION SOCIETY EUROPE

DUBLIN 2019

CONFERENCE AGENDA

Thursday 27th June 2019

07:30 – 18:00	Registration
08:15 – 08:30	Congress Welcome Marja Boermeester, President of the SIS-E Updates from SIS-E, SIS-NA, JSSI, WSIS
08:30 – 10:00	Free Paper Session I Chair: Kamal Itani (USA) Intestinal microbiota and butyrate depletion drive gut-derived infections in necrotizing pancreatitis. Presenter: Fons van den Berg (Netherlands) Using a novel 3-dimensional intestinal organoid to elucidate the mechanisms of the immune cell, probiotic, intestinal lumen interactions. Presenter: Isabella Heffernan (USA) A multicentre randomized non-inferiority trial comparing usual care to restrictive strategy for cholecystectomy in patients with gallstones and abdominal pain. Presenter: Aafke Van Dijk (Netherlands) Antibacterial porous microcarriers with pathological state responsive switch for wound healing. Presenter: Xiuwen Wu (China) A systematic review of studies that evaluate perfusion changes during Negative Pressure Wound Therapy. Presenter: Pieter Zwanenburg (Netherlands) A systematic review evaluating the influence of incisional Negative Pressure Wound Therapy on scar formation. Presenter: Pieter Zwanenburg (Netherlands)
10:00 – 10:30	Coffee Break & Poster Round I
10:30 – 11:30	Symposium I: Colorectal Surgery – update on challenging topics Chair: Ines Rubio-Perez (Spain) 10:30 – 11:00: Infection and IBD Presenter: Janindra Warusavitarne (UK) 11:00 – 11:30: Prevention and Management of colorectal anastomotic leaks Presenter: Des Winter (Ireland)
11:30 – 12:00	Young Investigator Lecture: Microbiome Chair: Marja Boermeester (Netherlands) Presenter: Stella Dilke (UK)
12:00 – 12:30	How to give a good presentation: tips & tricks from the expert Presenter: Des Winter (Ireland)
12:30 – 13:30	Lunch & Sponsor Exhibition
13:30 – 14:00	Semmelweis Lecture: Burns and infection Chair: Marjolein Blusse van Oud Alblas (Netherlands) Presenter: Nikki Allorto (South Africa)

14:00 – 15:00 Topic discussion

Intra-operative SSI prevention measures and outcomes assessments

Intra-operative measures and coated sutures meta-analysis

Presenter: Marja Boormeester (Netherlands)

Triclosan coated sutures trial – preliminary results

Presenter: Miguel A. Caínzos (Spain)

Patient reported wound outcome

Presenter: Heather Evans (USA)

Discussion - All faculty

15:00 – 15:30 Quality Improvement and Patient Safety

Presenter: Deborah McNamara (Ireland)

Chair: Metin Cakmakci (Turkey)

15:30 – 16:00 Coffee Break & Posters

16:00 – 16:25 Antibiotic treatment of acute appendicitis, where do we stand now?

Presenter: Sander Ubels (Netherlands)

16:25 – 16:45 Cockpit, the automated OR safety system

Presenter: Bo Wiesman (Netherlands)

16:45 – 18:15 Free Paper Session II

Chair: Robert Sawyer (USA)

Characterization of microbiota in the surface of double ring wound protectors used in abdominal surgery by high-throughput sequencing.

Presenter: Juan J. Arenal (Spain)

The circadian rhythm for both complicated and uncomplicated appendicitis and its relation to postoperative complications.

Presenter: Wouter Jaap Bom (Netherlands)

Evaluating patterns of diverticulitis presentation in a Spanish hospital: can treatment protocols be optimized?

Presenter: Luis Asensio-Gomez (Spain)

Benefits of Negative Pressure Therapy over closed wounds for infection prevention in complex abdominal wall repairs.

Presenter: Estibaliz Alvarez Pena (Spain)

Guideline compliance in antibiotic prophylaxis for abdominal surgery.

Presenter: Anna Jarchow-MacDonald (UK)

CT scans for recurrent diverticulitis: how many are too many?

Presenter: Marina Vicario Bravo (Spain)

Clinical and microbiological aspects of surgical site infections after transanal mesorectal excision (TaTME)

Presenter: Jose Balibrea (Spain)

19:15 Congress Dinner and Drinks - registration required

Friday 28th June 2019

08:00 – 18:00	Registration
08:30 – 10:00	Free Paper Session III Chair: Donald Fry (USA) Gaps between evidence and practice in prevention of surgical site infection. A survey of the Observatory of Infection in Surgery. Presenter: Daniel Casanova (Spain) Online data collection tools and mixed method follow-up improves accuracy of SSI documentation following colorectal surgery. Presenter: Nicola Reeves (UK) The impact of a quality improvement initiative on the rates of surgical site infection in patients undergoing elective colorectal surgery. Presenter: Sinead Horgan (Ireland) The risk of pneumonia among geriatric trauma patients is decreased with the use of a geriatric focused rib fracture protocol Presenter: Daithi Heffernan (USA) Reduction of incisional and organ/space Surgical Site Infections in elective colorectal surgery after the implementation of a bundle of care. Presenter: Nares Arroyo Garcia (Spain) Root cause analyses in quality improvement – how best to approach them? Presenter: Lilian Chiwera (UK) Using telephone surveys to improve accuracy of caesarean section surgical site infection surveillance. Presenter: Lilian Chiwera (UK)
10:00 – 10:30	Presidential Address: Do you really see what you think you see? Marja Boormeester (Netherlands)
10:30 – 11:00	Coffee Break & Posters
11:00 – 11:35	A closer look at practice-changing trials/Papers in Surgical Infections (Young SIS-E) Chairs: Stijn de Jonge (NL), Luis Asensio (Spain), Sarah Gans (NL)
11:35 – 12:00	Artificial Intelligence in Medicine Chair: Stijn de Jonge (NL) Presenter: Niels Wolfhagen (Netherlands)
12:00 – 13:00	Symposium II: <i>Failure to rescue</i>  Chair: Jan Gooszen 12:00-12:30: Novel techniques for intestinal fistula management Presenter: Jianan Ren (China) 12:30- 13:00: Negative pressure therapy (wound and abdomen) 'If you fail to plan, you plan to fail' Presenter: Martina Lemmerer (Austria)
13:00 – 14:00	Lunch & Sponsor Exhibition

14:00 – 15:00	<p>Symposium III: Joint symposium with SIS-NA Chair: Kemal Rasa (Turkey), Marja Boermeester (NL)</p> <p>Gaps in SSI definition and surveillance Presenter: Kamal Itani (USA)</p> <p>CDC Funded Project – ASSIST regarding the integration of patient generated health Presenter: Heather Evans (USA)</p> <p>Incorporation of wound imaging into the future definition of SSI Presenter: Robert Sawyer (USA)</p> <p>Advancing the use of photography in LMIC for the surveillance of SSI Presenter: Joe Solomkin (USA)</p>
15:00 – 15:30	<p>New technologies I – Biosynthetic mesh</p> <p></p> <p>Chair: Marja Boermeester (Netherlands)</p> <p>How do I handle ab walls Presenter: Sean Johnston (Ireland)</p>
15:30 – 16:00	Coffee Break & Poster Session
16:00 – 16:30	<p>New technologies II – Biologic</p> <p></p> <p>Chair: Jan Gooszen (Netherlands)</p> <p>Reinforced Biologic in Abdominal Wall Reconstruction Presenter: Maarten Persenaire (USA)</p>
16:30 – 17:00	<p>New technologies III – Infection</p> <p>Chair: Ines Rubio-Perez (Spain)</p> <p>New technologies & infection Presenter: Jose Balibrea (Spain)</p>
17:00 – 18:15	<p>Symposium IV: Joint Symposium with WSIS (previously OASIS) Chair: Joe Solomkin (USA), Kemal Rasa (Turkey)</p> <p>How to coordinate infection prevention globally: what is WSIS? Presenter: Kui Hin Liau (Singapore)</p> <p>Source control guideline development Presenter: Rob Sawyer (USA)</p> <p>Reducing maternal SSI rates in Kenya: results from the Lucina project. Presenter: Joe Solomkin (USA)</p>
18:15 – 18:45	<p>SIS-E Members Business Meeting Society updates and election of new members</p> <p>All member delegates welcome</p>

WITH THANKS TO OUR SPONSORS
