CPD accreditation applied for

9TH INTERNATIONAL ITP ASSEMBLY

We would like to invite you to attend the International ITP Assembly to be held on 20–21 September 2019. This will be a highly interactive, 2-day educational event and the ninth in the series dedicated to supporting the optimal care of patients with ITP.

Within a varied programme of didactic lectures, case study discussions and practical workshops, a world-renowned expert faculty will focus in particular on real-world topics that you may face in your clinical practice.

Throughout the Assembly there will be the opportunity to put questions to the expert faculty and engage in discussion and debate with your colleagues.

We look forward to seeing you at this highly interactive educational event.

Yours sincerely

David Kuter, USA
Co-chair

Drew Provan, UK
Co-chair
