

5th Summit on Advanced PD (APD) and Atypical Parkinson Syndromes (APS)

Friday and Saturday | November 15–16, 2019

Crowne Plaza Copenhagen Towers Hotel | Copenhagen, Denmark

On behalf of AbbVie Global Medical Affairs Neuroscience, we would like to invite you to the 5th Summit on Advanced Parkinson's Disease (APD) and Atypical Parkinson Syndrome (APS) Summit on Friday, November 15, and Saturday, November 16, 2019 in Copenhagen (Denmark). The meeting will begin at 8:00 a.m. on Friday, so please plan your arrivals on the afternoon/evening before (Thursday). The agenda ends on Saturday at 4:00 p.m.

The Summit assembles movement disorder specialists with the objective of fostering scientific exchange focused on the current state of APD and APS diagnosis and treatment strategies. This international educational event has been developed in partnership with AbbVie Global Medical Affairs Neuroscience and the APD/APS Summit Steering Committee:

- Ray Chaudhuri, DSc, FRCP, MD
(London, England)
- Per Odin, MD, PhD
(Lund, Sweden)
- Zvezdan Pirtošek, MD, PhD
(Ljubljana, Slovenia)
- Werner Poewe, MD, PhD
(Innsbruck, Austria)

You are invited to attend plenary sessions, Pro/Con debates and eight different workshops, presented by international experts in APD and APS. The workshops are designed to be interactive, will cover various topics around patient care in APD, and will provide a forum for scientific discussion and sharing best practices.

We look forward to hearing from you. Space at the Summit is limited. Please let us know your availability to attend at your earliest convenience.

If you have any questions, please do not hesitate to contact me.

Kind regards,

On behalf of AbbVie
Global Medical Affairs Neuroscience

Lars Bergmann, MD
Global Medical Director

Jorge Zamudio, MD
Global Medical Director

Juan Acosta, MD
Global Therapeutic Area Lead

5th Summit on Advanced PD (APD) and Atypical Parkinson Syndromes (APS)

Friday and Saturday | November 15–16, 2019

Crowne Plaza Copenhagen Towers Hotel | Copenhagen, Denmark

Agenda - Friday, November 15		Presenters
8:00 - 8:15	Welcome and Introductions	Steering Committee
8:15 - 9:00	Keynote The Value and Challenges of Integrated Care in Advanced Parkinson's Disease (APD) and Atypical Parkinson Syndromes (APS)	Joaquim Ferreira, Portugal
9:00 - 10:00	Plenary – The Clinical Spectrum of APS: How Diagnostic Criteria Can Shed Light on Phenotypes of PSP and MSA	Guenter Hoeglinger, Germany Werner Poewe, Austria
10:00 - 10:15	Coffee Break	
10:15 - 11:15	Breakout Session 1 with workshops A-D	
11:15 - 12:15	Breakout Session 2 with workshops E-H	
12:15 - 13:15	Lunch	
13:15 - 13:45	Plenary – The Clock is Ticking: The Increasing Burden of APD and APS	Matej Škorvánek, Slovakia
13:45 - 14:30	Plenary – From Bench to Bedside: Using the Basic Science of Continuous Dopaminergic Stimulation to Inform Clinical Practice	Peter Jenner, UK
14:30 - 14:45	Coffee Break	
14:45 - 15:45	Breakout Session 3 with workshops A-D	
15:45 - 16:45	Breakout Session 4 with workshops E-H	
16:45 - 17:15	Pro/Con – Are Dyskinesias Still Difficult to Treat in Advanced Parkinson's Disease?	Fabrizio Stocchi (Pro), Italy Zvezdan Pirtošek (Con), Slovenia

Agenda - Saturday, November 16		Presenters
8:00 - 8:45	Plenary – New Approaches for Recognizing When Motor Symptoms are No Longer Controlled by Oral Medications	Angelo Antonini, Italy
8:45 - 9:10	Plenary – Beyond the Chart: How to Choose the Most Appropriate Patients for Device-Aided Therapies	Per Odin, Sweden
9:10 - 9:45	Plenary – Patient Quality of Life: The Impact of Device-Aided Therapies	Ray Chaudhuri, UK
9:45 - 10:00	Coffee Break	

 PLENARY SESSION

 BREAKOUT SESSION

continued on next page 

Agenda - Saturday, November 16 (continued)		Presenters
10:00 - 11:00	Breakout Session 5 with workshops A-D	
11:00 - 12:00	Breakout Session 6 with workshops E-H	
12:00 - 13:00	Lunch	
13:00 - 14:00	Breakout Session 7 with workshops A-D	
14:00 - 15:00	Breakout Session 8 with workshops E-H	
15:00 - 15:15	Coffee Break	
15:15 - 15:45	Pro/Con – Are Good Clinical Examination Skills Sufficient to Distinguish PD from APS?	Eduardo Tolosa (Pro), Spain Werner Poewe (Con), Austria
15:45 - 16:00	Closing Remarks and Departure	Steering Committee

PLENARY SESSION
 BREAKOUT SESSION

Workshops	Moderator(s)
Workshop A: APD Case Studies That Taught Me a Lesson OR Leveraging Case Studies to Gain Insight into APD	Ray Chaudhuri, UK Nataliya Titova, Russia
Workshop B: Appearances Can Be Deceiving: Case Studies to Highlight the Challenges of Differential Diagnosis of APS	Guenter Hoeglinger, Germany Yaroslau Compta, Spain
Workshop C: When Less Is More: Handling Co-medication with Device-Aided Therapies	Alfonso Fasano, Canada
Workshop D: Out of Sight, Out of Mind: Recognizing the Significance of Emerging Dysphagic Symptoms in PD and APS	Tobias Warnecke, Germany
Workshop E: The Balancing Act: Understanding and Treating Freezing of Gait and Falls in APD and APS	Mariachiara Sensi, Italy
Workshop F: Support System: Caregiver Involvement in Therapeutic Decision-Making	Camille Carroll, UK
Workshop G: Signposts: Biomarkers and the Progression of PD and APS	Brit Mollenhauer, Germany
Workshop H: Benchmarks: Applying Scales to the Clinical Management of APD and APS	Annette Schrag, UK
