

**Program 7th European Conference on Weaning and rehabilitation In Critically Ill Patients
9 & 10 November 2019
Amsterdam, The Netherlands**

FRIDAY NOVEMBER 8TH

18.00 - 19.00 *Welcome drinks (separate registration required)*

SATURDAY NOVEMBER 9TH

08.15 - 09.00 *Registration*

09.00 – 10.30 THE PATIENT; ACUTE PHASE

09.00 - 09.15 Welcome
Dr. Marike van der Schaaf (The Netherlands)
09.15 - 09.30 Lessons from a patient journey
Marianne Brackel (The Netherlands)
09.30 - 10.00 ICU-acquired weakness; current perspectives
Dr. Janneke Horn (The Netherlands)
10.00 - 10.30 Interdisciplinary care to optimize weaning: move as a team
Prof. dr. Alexandre Demoule (France)

10.30 - 11.00 *Coffee – tea*

11.00- 12.15 INTERDISCIPLINARY CARE

11.00 - 11.20 The added value of SLT in ICU
Dr. Jackie McRae (United Kingdom)
11.20 - 11.40 The role of resilience on wellbeing
Dr. Margo van Mol (The Netherlands)
11.40 - 12.00 Family participation
Prof. dr. Elie Azoulay (France)
12.00 - 12.15 Discussion

12.15 - 13.30 *Lunch*

12.30 - 13.30 *Poster viewing (even numbers)*

13.30 - 14.15 MEET THE EXPERT SESSIONS - ROUND 1

Meet the expert session 1 - Weaning: a systematic team approach and successful implementation
Annemijn Jonkman (The Netherlands) | Beatrix Clerckx (Belgium) | Monika Wäscher (The Netherlands)
Meet the expert session 2 - Cough augmentation techniques in ICU
Dr. Frederique Paulus (The Netherlands) | prof. dr. Louise Rose (United Kingdom) | Willemke Stilma (The Netherlands)
Meet the expert session 3 - Ultrasound of the diaphragm: Missing piece of the puzzle?
Dr. Pieter Roel Tuinman (The Netherlands) | Heder de Vries (The Netherlands)
Meet the expert session 4 - Team approach of early mobilization; how do we combine the optimal purpose for patient, nurse, physical therapist and the optimal practical expertise in early mobilization
Peter Nydahl (Germany) | Dr. Juultje Sommers (The Netherlands) | Dr. Eve Corner (United Kingdom)
Meet the expert session 5 - Using FEES to support weaning, communication and swallowing
Dr. Jackie McRae (United Kingdom) | Sandra Offeringa (The Netherlands)
Meet the expert session 6 - ECMO a multidisciplinary approach overcoming mobilisation "impossibilities"
Dr. Dinis Dos Reis Miranda (The Netherlands) | Siep Hool (The Netherlands) | Marije Saeijs (The Netherlands) | Marijke Verbiest (The Netherlands) | Robert van der Stoep (The Netherlands) | Perfusionist tba

14.15 - 14.30 *Meeting room switch*

14.30 - 15.15 MEET THE EXPERT SESSIONS - ROUND 2

15.30 - 16.00 *Coffee – tea*

16.00 - 17.30 KEEP MOVING

16.00 - 16.35 Muscle metabolism in critical illness: implications for nutrition and exercise
Dr. Zudin Puthuchear (United Kingdom)
16.35 - 16.45 Introducing early and structured rehabilitation in critical care: A quality improvement project
David McWilliams (United Kingdom)
16.45 - 17.20 Move in your own way
Dr. Eve Corner (United Kingdom)
17.20 - 17.30 Physiotherapists' clinical reasoning and decision making processes when mobilizing patients who are critically ill: a qualitative study
Olof R. Ámundadóttir (Iceland)

17.30 - 18.15 *Drinks and bites*

19.00 - 22.00 *Conference dinner (separate registration required)*

SUNDAY NOVEMBER 10TH

09.00 - 10.30 ICU REHAB (ACUTE AND CHRONIC)

09.00 - 09.30 **Building muscle mass and strength in patients**

Dr. Zudin Puthucheary (United Kingdom)

09.30 - 09.40 **Measurement validity of an electronic Inspiratory loading device during Inspiratory muscle training in weaning failure patients**

Marine Van Hollebeke (Belgium)

09.40 - 10.10 **Mobilization of nurses**

Peter Nydahl (Germany)

10.10 - 10.20 **Improving Information-giving to critical care patients to guide post discharge rehabilitation: a Quality Improvement Project**

Dr. Sarah Elliott (United Kingdom)

10.20 - 10.30 **Conclusion**

10.30 - 11.00 Coffee – tea

11.00 - 12.30 INTERDISCIPLINARY

11.00 - 11.30 **Interdisciplinary care is a continuum during and after ICU stay**

Dr. Peter Spronk (The Netherlands)

11.30 - 11.40 **Exploring patients and relatives needs and experiences with family participation in basic care in the ICU: a qualitative study**

Karin Felten-Barentsz (The Netherlands)

11.40 - 12.30 **Best practice video's:**

University Hospital Southampton

Dr. Zoe van Willigen (United Kingdom)

University Hospital Leuven

Beatrix Clerckx (Belgium)

Medical Centre Leeuwarden

Dr. Peter Egbers (The Netherlands)

REMEO Stockholm

Liza Bergström (Sweden)

Harefield Hospital

Charlotte Pereira (The Netherlands)

UMC Utrecht

Germijn Heijnen (The Netherlands)

12.30 - 13.30 *Lunch & Posters viewing (odd numbers)*

13.30 - 15.30 AFTER ICU

13.30 - 14.00 **From Womb to Adulthood: Does Music matter in the (N)ICU?**

Dr. Artur Jaschke (The Netherlands)

14.00 - 14.10 **10-year health-related quality of life in ICU survivors**

José Hofhuis (The Netherlands)

14.10 - 14.40 **The Post-Intensive Care Syndrome, right care at the right place?**

Dr. Marike van der Schaaf (The Netherlands)

14.40 - 15.10 **State of the art - Weaning, rehabilitation & home ventilation centres: stepping up to improve long term outcomes**

Prof. dr. Nicholas Hart (United Kingdom)

15.10 - 15.30 **Closing and hand-over to next city**
