

NVGPT annual congress 2019

'Orofacial pain'

Thursday 12 December from 09.00 till 17.00
and Friday 13 December from 09.00 till 17.30

Friday december 13th 2019, the NVGPT will organize its annual congress in 'De Heerlijkheid van Ermelo'. This year our keynote speakers **dr. Reny de Leeuw**, **dr. Peter Bertrand** and **dr. Charles Carlson** will give you an update on 'Orofacial pain', a theme that dentists encounter every day. The speakers will highlight common facets of pain and particular aspects that we as dentists do not always consider, but that can make an important contribution to the success of diagnosis and treatment. It will be a challenging conference, that will contribute to your knowledge about orofacial pain and will make you stronger in diagnosis and treatment of your *headache cases!*
