Join our search for Nursing Solutions in Difficult Cases

If you are among those who encounter atypical cases in daily practice and have found your own solutions, we would like to invite you to take a few photos and write a standard protocol. You can download a form with a list of standard questions. The form should include a description of the problem, the nursing intervention provided, the material you have chosen to help the patient and the final results. Please note: Difficult Cases that have not been (completely) solved may also be submitted!

Share your expertise

Together with the EAUN you will share and pass on this knowledge to other nurses. The cases will be evaluated by an international expert jury. The 10 most interesting cases are presented by the authors and discussed with the audience in a special session at the 21st International EAUN Meeting in Amsterdam. The EAUN will place the material on their website as a unique opportunity to learn from each other. All submissions that meet the criteria will be published on the EAUN website and in European Urology Today.
