

03.02.2020

08:30 - 10:00 The localised disease Salone Washington A & B

Moderation: J. Bovée¹, S. Sandrucci², ¹Leiden/NL, ²Torino/IT

08:30 - 08:55 **The pathology of STS & GIST**

M. Sbaraglia, Treviso/IT

08:55 - 09:20 **The “clinical” genetics of GIST**

E. Wardelmann, Münster/DE

09:20 - 09:45 **Surgical margins in STS & GIST**

Y. Schrage, Leiden/NL

09:45 - 10:00 **Discussion**

09:00 - 11:00 Localised STS and GIST Salone Club Bar

09:00 - 11:00 **Case-presentations and discussion**

10:00 - 11:00 The localised disease Salone Washington A & B

Moderation: P.G. Casali¹, V. Quagliuolo², ¹Milan/IT, ²Rozzano/IT

10:00 - 10:25 **Principles of radiation therapy in STS**

A. Miah, London/GB

10:25 - 10:50 **Adjuvant chemotherapy of STS & GIST**

C. Serrano, Barcelona/ES

10:50 - 11:00 **Discussion**

11:00 - 11:30 Coffee break Salone Le Baron

11:30 - 13:30	The advanced disease Moderation: I. Judson ¹ , A. Fedenko ² , ¹ London/GB, ² Moscow/RU	Salone Washington A & B
11:30 - 11:55	Principles of systemic therapy of STS <u>R. Jones</u> , London/GB	
11:55 - 12:20	Targeted therapy of metastatic GIST <u>A. Le Cesne</u> , Villejuif/FR	
12:20 - 12:45	Immuno therapy of STS & GIST <u>C.M. Valverde Morales</u> , Barcelona/ES	
12:45 - 13:10	Surgery of metastases <u>C. Raut</u> , Boston/US	
13:10 - 13:30	Discussion	
11:30 - 13:30	Advanced STS and GIST	Salone Club Bar
11:30 - 13:30	Case-presentations and discussion	
13:30 - 14:15	Lunch	Salone Le Baron
14:15 - 14:30	Opening & welcome Moderation: P.G. Casali ¹ , J.-Y. Blay ² , J. Bovée ³ , A.P. Dei Tos ⁴ , ¹ Milan/IT, ² Lyon/FR, ³ Leiden/NL, ⁴ Padova/IT	Salone Washington A & B
14:15 - 14:22	Welcome from ESMO <u>P.G. Casali</u> , Milan/IT	
14:22 - 14:29	Introduction to European collaborative efforts in rare solid cancers <u>J.-Y. Blay</u> , Lyon/FR	
14:30 - 15:30	SPAEN/PAGs	Salone Washington A & B
15:30 - 16:00	Coffee break	Salone Le Baron

16:00 - 18:00	Challenges in classification	Salone Washington A & B
16:00 - 16:20	Pathology and genetics of STS <u>C. Fletcher</u> , Boston/US	
16:20 - 16:40	Genetics of GIST <u>J.A. Fletcher</u> , Boston/US	
16:40 - 17:00	What is in the WHO new sarcoma classification, what should be a pathologic subtype of STS? <u>A.P. Dei Tos</u> , Padova/IT	
17:00 - 17:20	Challenges in sarcoma registration vis-a-vis the WHO new sarcoma classification <u>A. Trama</u> , Milan/IT	
17:20 - 17:40	What a pathologic diagnosis of STS should say today <u>J. Bovée</u> , Leiden/NL	
17:40 - 18:00	Discussion	

04.02.2020

08:30 - 10:30 Challenges in pathologic diagnosis Salone Washington A & B

08:30 - 08:50 **The clinically relevant immuno landscape of sarcomas**

R. Maki, New York/US

08:50 - 09:10 **The technological potentials and challenges of NGS in STS**

F. Tirede, Lyon/FR

09:10 - 09:30 **How can we be pathologically agnostic in diagnosing a STS?**

C. Antonescu, New York/US

09:30 - 09:50 **What does being pathologically agnostic clinically mean in STS?**

J.-Y. Blay, Lyon/FR

09:50 - 10:10 **The technological potentials and challenges of liquid biopsy**

R. Maestro, Aviano/IT

10:10 - 10:30 **Discussion**

10:30 - 11:00 Coffee break Salone Le Baron

11:00 - 12:40 Challenges in surgery Salone Washington A & B

11:00 - 11:20 **The requirements of good surgery of STS today**

P. Hohenberger, Mannheim/DE

11:20 - 11:40 **The evolving approach to the surgical margin across sarcoma histologies and primary sites**

A. Gronchi, Milan/IT

11:40 - 12:00 **The requirements of good surgery of GIST today**

P. Rutkowski, Warsaw/PL

12:00 - 12:20 **Challenges in surgical decisions about residual disease after TKIs in GIST**

C. Swallow, Toronto/CA

12:20 - 12:40 **Discussion**

12:40 - 13:30 Lunch Salone Le Baron

13:30 - 14:30	PharmaMar - Real World Evidence (RWE) and advanced Soft Tissue Sarcoma (STS): An unbreakable bond	Salone Washington A & B
13:30 - 13:50	Contribution of RWE data to decisions making in the management of advanced STS <u>G. Demetri</u> , Boston/US	
13:50 - 14:05	Case 1: When what is learned in clinical practice is verified in a clinical trial <u>J. Martin Broto</u> , Palma de Mallorca/ES	
14:05 - 14:20	Case 2: When we have to go beyond standard treatments <u>R. Jones</u> , London/GB	
14:20 - 14:30	Final QUIZ and closing <u>S. Stacchiotti</u> , Milan/IT	
14:40 - 16:00	Challenges in radiation therapy Moderation: <u>A. De Paoli</u> , Aviano/IT	Salone Washington A & B
14:40 - 15:00	The evolving indications to radiation therapy in STS today <u>E. Baldini</u> , Boston/US	
15:00 - 15:20	Challenges in incorporating new technological options in radiation therapy of STS today <u>T.F. Delaney</u> , Boston/US	
15:20 - 15:40	Pre-operative chemo-radiation therapy in STS <u>S. Patel</u> , Houston/US	
15:40 - 16:00	Discussion	
16:00 - 16:30	Coffee break	Salone Le Baron

- 16:30 - 18:30 Challenges in medical treatment of STS** **Salone Washington A & B**
Moderation: G. Grignani¹, X. Garcia Del Muro², ¹Candiolo/IT, ²Hospitalet de Llobregat/ES
- 16:30 - 16:50 **The scope of medical therapy of STS today**
P.G. Casali, Milan/IT
- 16:50 - 17:10 **How many “rare” STS are to single out in today’s medical therapy?**
S. Stacchiotti, Milan/IT
- 17:10 - 17:30 **Reshaping vascular sarcomas**
R. Vinod, Houston/US
- 17:30 - 17:50 **The challenging model of epithelioid sarcomas**
A.M. Frezza, Milan/IT
- 17:50 - 18:10 **Challenges in breaking down uterine sarcomas**
S. George, Boston/US
- 18:10 - 18:30 **Discussion**

05.02.2020

08:30 - 10:30 Challenges in medical treatment of GIST Salone Washington A & B
Moderation: I. Judson¹, M. Pantaleo², ¹London/GB, ²Bologna/IT

08:30 - 08:50 **How to tailor, how to stretch adjuvant therapy in GIST**

08:50 - 09:10 **Challenges in current use of standard agents in GIST today**
P. Reichardt, Berlin/DE

09:10 - 09:30 **Challenges in approaching a non-KIT/PDGFRA mutated GIST patient today**
S. Bauer, Essen/DE

09:30 - 09:50 **New avenues of medical therapy in GIST**
G. Demetri, Boston/US

09:50 - 10:10 **How could we clinically exploit liquid biopsy in GIST?**
A. Wagner, Boston/US

10:10 - 10:30 **Discussion**

10:30 - 11:00 Coffee break Salone Le Baron
11:00 - 12:20 Challenges in desmoids Salone Washington A & B
Moderation: M. Fiore, Milan/IT

11:00 - 11:20 **Is there room for surgery today?**
S. Bonvalot, Paris/FR

11:20 - 11:40 **Is there room for radiation therapy today?**
R.L. Haas, Amsterdam/NL

11:40 - 12:00 **Challenges in exploiting and assessing medical therapy of desmoid tumours**
B. Kasper, Mannheim/DE

12:00 - 12:20 **Discussion**

12:20 - 13:10 Lunch Salone Le Baron

13:10 - 14:10 Clinigen - Cardioprotection in Practice Salone Washington A & B

13:10 - 13:30 **Introduction**

13:30 - 13:50 **Dexrazoxane as a cardioprotective agent for sarcoma patients receiving anthracyclines**

13:50 - 14:10 **Evaluating the economic impact of cardioprotection**

14:10 - 14:30 **Bringing cardioprotection into routine clinical care**

14:20 - 16:20 The challenging immuno landscape of sarcomas and GIST Salone Washington A & B

Moderation: M. Aglietta, Candiolo/IT

14:20 - 14:40 **The challenging state of the art of immuno therapy of STS today**
W.D. Tap, New York/US

14:40 - 15:00 **The challenging state of the art of immuno therapy of GIST today**
J. Trent, Miami/US

15:00 - 15:20 **Adoptive immuno therapy in STS**
L. Helman, Los Angeles/US

15:20 - 15:40 **Combination immuno therapy attempts**
J. Martin Broto, Palma de Mallorca/ES

15:40 - 16:00 **New targets, new agents and new strategies for immuno therapy**
A. Dufresne, Lyon/FR

16:00 - 16:20 **Discussion**

16:20 - 16:30 Take home messages and close Salone Washington A & B
