

## PROGRAM

### Challenging current pituitary Practice

#### Pre-course: learning objectives and complex cases preparation

All participants and faculty members

#### Wednesday, June 3, 2020

19:00 - 21:30 Faculty dinner

#### Thursday June 4, 2020

09:00 - 09:20	<b>Welcome</b> , introduction of faculty and participants, Learning objectives. <b>(functional) pituitary adenoma</b> moderator: <i>Karavitaki</i>	<i>V Furth / Biermasz</i>
09:20 - 09:50	Cushing: reresection or medication pro/con battle.	<i>Buchfelder / Ferone</i>
09:50 - 10:20	Acromegaly: reresection or medication pro/con battle.	<i>Mannion / Bollerslev</i>
10:20 - 10:50	NFA: difficult remnants, what to do?	<i>V Furth / Brue</i>
10:50 - 11:30	<b>Break</b>	
	<b>Which Core Outcome Set to choose for Prolactinoma</b>	<i>Moderator: Pereira</i>
11:30 - 11:45	PROM	<i>Biermasz</i>
11:45 - 12:00	Imaging	<i>Kruit</i>
12:00 - 12:15	Laboratory	<i>Chanson</i>
12:15 - 12:50	Complete Core Outcome Set Prolactinoma finalized	<i>V Furth / Biermasz</i>
12:50 - 14:15	<b>Lunch and group picture</b>	
	<b>Main session Pituitary surgery</b>	
14:15 - 14:45	Complications (avoidance)	
14:45 - 15:15	ENT landscape for the neurosurgeon and endocrinologist	<i>Kleijwegt</i>
15:15 - 15:45	Complex ENT situations in pituitary surgery	<i>Dalan / Georgalas</i>
	<b>Nurse session parallel program</b>	
15:45 - 16:15	<b>Tea break</b>	
16:15 - 16:45	Summary from nurse session Pitches from faculty – ‘my personal pituitary secret..’	<i>Nurse Faculty</i>
	<b>Complex cases I</b>	<i>Moderator: vd Ven</i>
16:45 - 18:00	Cases by participants and faculty Including use of Dutch PROM ENT	<i>tbd</i> <i>ENT -Groningen</i>
19:30 - 23:00	<b>Course dinner</b>	

## PROGRAM

### Friday June 5, 2020

08:00 - 09:00	<b>Breakfast seminar:</b> DI protocol and post-operative self management	<i>Christ-Crain / de Vries</i>
	<b>Nurse workshop parallel program</b>	
	<b>Giant adenomas</b>	<i>Moderator: Gurnell</i>
09:00 - 09:20	Medical options	<i>Chanson</i>
09:20 - 09:40	Neurosurgical options- craniotomy / endoscopy	<i>Solari / Verstegen</i>
09:40 - 10:00	Radiation options	<i>Brue</i>
10:30 - 10:50	Towards a rational approach- debate	<i>Gurnell</i>
10:50 - 11:20	<b>Break</b>	
	<b>Ophthalmological aspects of pituitary adenomas</b>

11:50 - 12:10	Timing of surgery	<i>Verstegen</i>
12:10 - 12:30	Stratified surveillance protocol	TBD
12:30 - 13:15	Lesson from my last 5 pituitary cases- regional differences	<i>Mannion/Buchfelder/ Smit/Georgalas / Christ-Crain/Vd Ven</i>
13:15 -14:00	<b>Lunch</b>	
	<b>Complex Cases II</b>	<i>Moderator: Solari / Ferone</i>
14:00 - 15:30	Cases by participants and faculty	
15:30 - 16:00	Certificates and drinks for the weekend	
16:00 - 17:30	Optional: game changing publication	

### Faculty (proposed, not yet confirmed)

#### Neurosurgeons

Wouter van Furth (organiser)  
Timothy Smith  
Richard Mannion  
Domenico Solari  
Marco Verstegen  
Pieter Schutte  
Michael Buchfelder

#### Ent

Iacopo Dalan  
Maarten Kleijwegt  
Christos Georgolas

#### Ophthalmology

Irene Notting

#### Endocrinology

Nienke Biermasz (organiser)  
Niki Karavitaki (organiser)  
Jens Bollerslev  
Diego Ferone  
Mark Gurnell  
Alberto Pereira  
Annenienke vd Ven  
Philippe Chanson  
Mirjam Christ-Crain  
Thierry Brue

#### Nurse

Sherwin Criseno  
Eline Leijtens  
Sofia Llahana
