

# PRECISION CONNECT EUROPEAN MEETING 2020

## UNITING GLOBAL AND LOCAL NETWORKS FOR CHANGE IN SEVERE ASTHMA CARE

### INVITATION

We are delighted to formally invite you to attend the PRECISION Connect European Meeting on **Wednesday 22 and Thursday 23 April 2020** in **Amsterdam, The Netherlands** at the **Radisson Blu Hotel, Amsterdam Schiphol Airport**.

This 2-day, expert-led, interactive meeting provides an exciting opportunity to connect global and local networks to further improve the lives of patients living with severe asthma in your country. You will learn about the latest global PRECISION initiatives, including oral corticosteroid (OCS) Heatmaps that support identification of severe asthma cases across a range of countries and the ReferID tool to support appropriate referrals to specialist care. You will also have the opportunity to discuss these and other best practice initiatives in severe asthma with fellow experts. We have invited healthcare professionals from a range of disciplines – primary care, nursing, pharmacy, specialist care – and are hugely excited about the prospect of this multidisciplinary group discussing the latest in severe asthma care. With this meeting, we aim to help you drive the necessary clinical changes to improve outcomes for your patients!

### MEETING OBJECTIVES

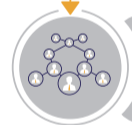

Consider the risks associated with OCS use and define the appropriate usage of OCS in the treatment of severe asthma

Connect the PRECISION Global Steering Committee and European National Working Groups (NWGs) to facilitate communication and share initiatives to improve severe asthma care

Provide a forum to discuss the factors shaping effective local implementation of key PRECISION and OCS stewardship initiatives

Share PRECISION tools and best practice from Europe to enable NWG members to engage wider healthcare professional networks and increase the global reach of PRECISION

### LOGISTICS

The meeting will take place in **Amsterdam, The Netherlands** at the **Radisson Blu Hotel, Amsterdam Schiphol Airport**.

Should you accept this invitation, we will be in touch to coordinate your registration, travel and accommodation for the meeting.

We hope that you can join us for this engaging and interactive PRECISION CONNECT meeting as together we continue to improve the lives of people living with severe asthma.

Kind regards

On behalf of Professor Andrew Menzies-Gow,  
Professor John Upham and the Global PRECISION Team

# PRECISION CONNECT EUROPEAN MEETING 2020

## UNITING GLOBAL AND LOCAL NETWORKS FOR CHANGE IN SEVERE ASTHMA CARE

### AGENDA

#### Day 1. Establishing and defining the need for change in severe asthma care

Time	Title	Presenter/facilitator
12:00–12:30	PRECISION poster and networking session	
12:30–12:40	Welcome and introductions	<i>Andrew Menzies-Gow (Chair)</i>
