ANAEMIA  
TALKS  
2020

PHARMACOSMOS

Please be invited to the Pharmacosmos ANAEMIA TALKS, with engaging speakers and hot topics. ANAEMIA TALKS 2020 will bring together experts to discuss how we best can set new standards in the management of iron deficiency and anaemia care, from emerging therapeutic areas to the safeguarding of patient wellbeing throughout the treatment journey.

The meeting is hosted by Pharmacosmos and partners at local venues, where you can participate in the global virtual Anaemia Talks in the company of other healthcare professionals.
