Interests:

Luc Van Eupen (°1958) studied physiotherapy, education in teaching, continued at Flanders International College of Osteopathy, moving on from student to joint teacher of Fico. Professionally Luc is active at Fico clinic. Luc teaches in a number of European countries on (osteopathic) treatment concepts, education, non-impulse techniques and on different osteopathic approaches. For over more than 20 years he is involved in osteopathic pediatric care in his clinic and at the FICO . Currently Luc enjoys his 5 children and 6 grandchildren.
