4:30pm to 6:00pm	<p>Case-Based Workshops W1-W5</p> <p><i>All sessions will be recorded as they are live streamed and placed in the online course video library, enabling registrants to view more than one workshop. The video library will be available for 60 days after the conclusion of the course.</i></p> <p>W1 Calcium & Bone Disorder Cases <i>Marc Wein, MD, PhD</i></p> <p>W2 Obesity Management <i>Paul Copeland, MD</i></p> <p>W3 Endocrine Complications of Immune Checkpoint Inhibitors <i>Alex Faje, MD</i></p> <p>W4 Case-Based Approach to Reproductive Endocrinology <i>Margaret Lippincott, MD</i></p> <p>W5 Illustrative Cases of Thyroid Dysfunction ~ *Primary Care</p>
------------------	---

Focus**Nikolaos Stathatos, MD***Thursday, March 11, 2021****Calcium**

8:00am to 8:25am	Hereditary Hyperparathyroidism: Illustrative Patient Cases <i>Henry M. Kronenberg, MD</i>
8:25am to 9:10am	Primary Hyperparathyroidism 2021: A Comprehensive Update <i>John P. Bilezikian, MD</i>
9:10am to 9:20am	Q & A Hyperparathyroidism Cases <i>Drs. Bilezikian and Kronenberg</i>
9:20am to 9:35am	Break
9:35am to 10:00am	Hypercalcemia: Case-Based Diagnosis and Mechanisms <i>Marie Demay, MD</i>
10:00am to 10:30am	Hypocalcemia: Lessons Learned from Challenging Cases <i>Michael Mannstadt, MD</i>
10:30am to 10:40am	Q & A Hypo- and Hypercalcemia <i>Drs. Demay and Mannstadt</i>
10:40am to 11:15am	Optimizing Bone Health through Vitamin D, Nutrition and Exercise <i>Sherri-Ann M. Burnett-Bowie, MD, MPH</i>
11:15am to 12:10pm	Bones, Groans, and Stones: Mineral Metabolism Clinical Cases <i>Elaine W. Yu, MD, Joy Tsai, MD and Sherri-Ann Burnett-Bowie, MD, MPH</i>
12:10pm to 1:25pm	Break
1:25pm to 1:55pm	Osteoporosis: Current Diagnostic Approaches <i>Elaine W. Yu, MD</i>
1:55pm to 2:40pm	Osteoporosis: Treatment Strategies in 2021 <i>Joy Tsai, MD</i>
2:40pm to 2:55pm	Break
2:55pm to 3:40pm	Osteoporosis: Controversies, Emerging Therapies, Combination Therapy <i>Benjamin Z. Leder, MD</i>

3:40pm to 4:00pm **State-of-the-Art Management of Glucocorticoid-Induced Osteoporosis**
Michael Mannstadt, MD

4:00pm to 4:30pm **Osteoporosis Panel: Ask the Experts**
Drs. Leder, Tsai, and Yu

Afternoon Workshops

4:30pm to 6:00pm **Case-Based Workshops T1-T5**
All sessions will be recorded as they are live streamed and placed in the online course video library, enabling registrants to view more than one workshop. The video library will be available for 60 days after the conclusion of the course.

T1 Calcium Cases

Joy Tsai, MD

T2 Hypoglycemia ~*Primary Care Focus*

Aaron Leong, MD

T3 Pituitary Case Discussion: Perspectives from an Endocrinologist and Neurosurgeon

Pamela Jones, MD, MS, MPH and Laura Dichtel, MD, MHS

T4 Challenging Reproductive Endocrine Cases

Frances Hayes, MB BCH BAO, FRCPI

T5 Practical Update on Thyroid Ultrasound

Giuseppe Barbesino, MD

Friday, March 12, 2021

Diabetes

8:00am to 8:40am **Modern-Day Therapy and Results of Treatment of Type 1 Diabetes**
David M. Nathan, MD

8:40am to 9:15am **Smart Pumping, Smart Pumps: Technology Management in Type 1 DM**
Enrico Cagliero, MD

9:15am to 9:55am **Diabetes Clinical Genetics**
Miriam S. Udler, MD, PhD

9:55am to 10:15am **Break**

10:15am to 10:55am **Management of Type 2 Diabetes: Make New Friends, but Keep the Old**
David M. Nathan, MD

10:55am to 11:35am **New Approaches to Type 2 Diabetes: How to Choose Next-Step Therapy**
Deborah J. Wexler, MD

11:35am to 12:00pm	Pulling It All Together: Ask the Diabetes Experts <i>Diabetes Faculty</i>
12:00pm to 1:00pm	Break
1:00pm to 1:50pm	Obesity Management: A Practical Approach (including questions) <i>Fatima Cody Stanford, MD, MPH, MPA, FAAP, FACP, FAHA, FTOS</i>
1:50pm to 2:40pm	State-of-the-Art Lipid Management (including questions) <i>Mason W. Freeman, MD</i>
2:40pm to 3:00pm	Break
3:00pm to 3:25pm	Inpatient Diabetes Management: Evidence and Strategies (including questions) <i>John E. Godine, MD, PhD</i>
3:25pm to 4:05pm	Diabetes in Pregnancy (including questions) <i>Camille E. Powe, MD</i>
4:05pm to 4:30pm	The Future of Type 1 Diabetes Treatment: The Artificial Pancreas (including questions) <i>Steven Russell, MD, PhD</i>

Afternoon Workshops

4:30pm to 6:00pm	<p>Case-Based Workshops F1-F5</p> <p><i>All sessions will be recorded as they are live streamed and placed in the online course video library, enabling registrants to view more than one workshop. The video library will be available for 60 days after the conclusion of the course.</i></p> <p>F1 Challenging Calcium and Bone Cases ~*Primary Care Focus* <i>Melissa Putman, MD</i></p> <p>F2 Lifestyle Medicine <i>Marie-France Hivert, MD, MMSc</i></p> <p>F3 Pediatric Endocrinology That an Adult Endocrinologist Should Know <i>Takara Stanley, MD</i></p> <p>F4 Topics in Male Reproduction: A Case-Based Approach <i>Ravikumar Balasubramanian, MBBS, PhD, MRCP (UK)</i></p> <p>F5 Lessons Learned from Challenging Thyroid Cases <i>Nikolaos Stathatos, MD</i></p>
------------------	---

Saturday, March 13, 2021

Reproductive and Adrenal

8:00am to 9:00am	
------------------	--

Endocrine Hypertension: Case-Based Update on Pheochromocytoma and Primary Aldosteronism

William F. Young, Jr., MD

9:00am to 9:40am	Adrenal Incidentaloma: Illustrative Cases of Current Diagnostic Strategies <i>William F. Young, Jr., MD</i>
9:40am to 9:55am	Break
9:55am to 10:45am	Approach to the Menopausal Patient in 2021 <i>Kathryn A. Martin, MD</i>
10:45am to 11:40am	Current Diagnosis and Management of Amenorrhea and Hyperandrogenism <i>Stephanie Seminara, MD</i>
11:40am to 12:00pm	Reproductive Faculty Panel for Audience Q & A <i>Reproductive Endocrine Faculty</i>
12:00pm to 1:00pm	Break
1:00pm to 1:45pm	Male Hypogonadism: Insights into Pathophysiology and Evaluation <i>Frances Hayes, MB BCH BAO, FRCPI</i>
1:45pm to 2:30pm	Optimizing Treatment Strategies and Patient Outcomes for Male Hypogonadism <i>Ravikumar Balasubramanian, MBBS, PhD, MRCP (UK)</i>
2:30pm to 2:50pm	Break
2:50pm to 3:30pm	Gender-Affirming Hormonal Treatment of Transgender Individuals: Changing Paradigms in a Changing Society <i>Frances Hayes, MB BCH BAO, FRCPI</i>
3:30pm to 4:05pm	Erectile Dysfunction: A Urologist's Perspective <i>Cigdem Tanrikut, MD</i>
4:05pm to 4:30pm	Expert Reproductive Faculty Answer Your Questions <i>Reproductive Endocrine Faculty</i>
