SHARP (Share the Experience in Assisted Reproduction Program) for Dutch Clinicians

Program 9-10 September 2021

Dear Colleague,

I'd like to personally invite you to the university town of Luebeck in the north of Germany at the Baltic Sea to join us for a lecture and exchange event. The world of IVF is an exciting area in which to work and study, and we continue to meet and bring inspired people together in forums like this SHARP meeting, to discuss science and ideas and to remain at the cutting edge.

In this 1,5-day program, we will have a lecture block on ovarian stimulation with special focus on GnRH-analogue protocols. The lectures in this block will include a group discussion on what is the state-of-art in ovarian stimulation as defined by the ESHRE guideline 2019 document. Beyond that we will look at the latest science in ovarian stimulation and new treatment protocols integrating biomarkers with individualization. It will be our pleasure to having Prof. Christophe Blockeel from AZ-VUB Brussel as our guest lecturer for this SHARP meeting. During a centre tour, you will see how we have organized our work flow, and how we have integrated technologies that we have found useful in clinical practice. There will also be ample time for questions and exchange.

A number of further topics will hopefully catch your interest and will make you leaving Luebeck with inspiration for your own work and study. I therefore hope to meet you in September, bringing your expertise to our gathering.

Prof. Georg Griesinger

(Universitäres Kinderwunschzentrum Lübeck und Manhagen)

Thursday, 9 September 2021

TIME	ITEM	SPEAKER
08:30 - 12:30	Travel by bus from Groningen to Luebeck	
12:30 - 13:15	LUNCH	
13:15 - 13:30	Welcome & Introduction	<i>Georg Griesinger</i>
13:30 - 14:00	Biomarkers for ovarian reserve	<i>Georg Griesinger</i>
14:00 - 14:30	Evidence-based personalization of COS	<i>Christophe Blockeel</i>
14:30 - 15:00	OHSS: can we reliable predict, prevent and manage?	<i>Georg Griesinger</i>
15:00 - 15:30	Serum progesterone in COS: shall we measure or not?	<i>Christophe Blockeel</i>
15:30 - 16:00	TEA BREAK	
16:00 - 17:30	Centre tour	
17:30	Departure to hotel	
19:00	GROUP DINNER (off-site)	

Friday, 10 September 2021

TIME	ITEM	SPEAKER
09:00 - 09:15	Welcome & Introduction to day 2	<i>Georg Griesinger</i>
09:15 - 10:00	GnRH-antagonist vs. -agonist: where are we in 2021?	<i>Georg Griesinger</i>
10:00 - 10:45	Best Practice in GnRH-antagonist Stimulation	<i>Georg Griesinger</i>
10:45 - 11:15	COFFEE BREAK	
11:15 - 12:00	Real life experience with new protocols	<i>Kay Neumann</i>
12:00 - 12:45	Oxytocin Receptor Antagonist: where are we after the IMPLANT trial program?	<i>Georg Griesinger</i>
12:45 - 13:30	LUNCH	
13:30 - 14:15	Embryo selection by PGT-AT – the economic side	<i>Kay Neumann</i>
14:15 - 15:00	Vaginal microbiome – already a diagnostic standard?	<i>Simon Graspeuntner</i>
15:00 - 15:15	Closing remarks	<i>Georg Griesinger</i>
15:15 - 15:45	TEA; TAKE AWAY "SUPPER"	
15:45 - 19:30	Travel by bus from Luebeck to Groningen
