Occipital Nerve Stimulation for Intractable Chronic Cluster Headache - A virtual course

A course for Referring physicians - 2 virtual sessions

November 24 & 25, 2021

On-line training

The objective of this training is to create awareness for referral physicians, to better manage patients with intractable chronic cluster headaches with ONS therapy

Agenda Session I

24th November 2021

17:30-19:40 CET (GMT+1)

- 17:30 Introduction**
Prof. Ferrari
- 17:35 The conundrum of Chronic Cluster Headache**
Prof. May
- 18:00 Live Q&A session**
Prof. May answering questions of participants
- 18:05 The pathophysiology of Chronic Cluster Headache, why ONS may be effective**
Prof. Goadsby
- 18:30 Live Q&A session**
Prof. Goadsby answering questions of participants
- 18:35 ONS procedure and pitfalls**
Prof. Huygen
- 19:00 Live Q&A session**
Prof. Huygen answering questions of participants
- 19:05 Live Interactive patient case presentation**
Dr. Fronczek
- 19:20 Live Q&A session & Panel discussion**
Faculty panel
- 19:35 Closing remarks**
Prof. Ferrari
- 19:40 End of session I**

Course Director

Prof. Michel Ferrari,
The Netherlands

Faculty day II

- Dr. Rolf Fronczek,
The Netherlands
- Dr. Ashish Gulve,
United Kingdom
- Prof. Frank Huygen,
The Netherlands

On-line training

The objective of this training is to create awareness for referral physicians, to better manage patients with intractable chronic cluster headaches with ONS therapy

Agenda Session II

25th November 2021

17:30-19:45 CET (GMT+1)

- | | |
|--------------|---|
| 17:30 | Introduction
Prof. Ferrari |
| 17:35 | Efficacy and Safety of Occipital Nerve Stimulation in Intractable Chronic Cluster Headache - The ICON Randomized Controlled Trial
Prof. Ferrari |
| 18:00 | Live Q&A session
Prof. Ferrari answering questions of participants |
| 18:05 | Long-term Efficacy of Occipital Nerve Stimulation in Patients from the ICON Study
Dr. Fronczek |
| 18:25 | Long-term Tolerability and Safety of Occipital Nerve Stimulation in Patients from the ICON Study
Prof. Huygen |
| 18:45 | Live Q&A session
Dr. Fronczek & Prof. Huygen answering questions of participants |
| 18:55 | Live Interactive patient case presentation
Dr. Fronczek |
| 19:10 | Perspective from patient
Dr. Gulve |
| 19:25 | Live Q&A session & Panel discussion
Faculty panel |
| 19:40 | Closing remarks
Prof. Ferrari |
| 19:45 | End of training |
