THYROIDIDEA

International Summit on Thyroid Topics

IBSA takes great pleasure in inviting you to the first, inaugural edition of the IBSA **THYROIDEA** event:

April 23-24, 2021

Como, Italy

Sheraton Lake Como Hotel

Thyroidea International Summit on Thyroid Topics **will bring together the brightest European minds in the endocrinology arena to share their most forward-looking insights and scientific and clinical discoveries on the splendid shores of Lake Como.**

The summit's idea is to showcase updates on emerging innovations currently occurring in thyroidology, while providing an open discussion space for colleagues to connect, be inspired and communicate on subjects spanning from advancements for their daily practices to fresh previews into the future roadmap of endocrinology: what's next?
